

# ALAMOSA CITY COUNCIL

## Regular Meeting Agenda

Council Chambers  
300 Hunt Avenue, Alamosa, CO  
November 6, 2024

***Mission Statement: We are committed to providing balanced, effective and efficient public services for our residents, visitors and businesses by cultivating a vibrant, resilient and livable city.***

Any person needing reasonable accommodation to attend or participate in a public meeting, please contact the Alamosa City Clerk's office by telephone (719) 589-2593, by email [cityclerk@ci.alamosa.co.us](mailto:cityclerk@ci.alamosa.co.us), in person at 300 Hunt Avenue, or by mail at POB 419, Alamosa, CO 81101.

Council Calendar

**6:15 PM - Work Session: Alamosa Riverfront Project**

**7:00 PM - Regular Meeting**

### **I. CALL TO ORDER AND PLEDGE OF ALLEGIANCE**

### **II. ROLL CALL**

### **III. AGENDA APPROVAL**

### **IV. CITIZEN COMMENT**

Alamosa City Council welcomes your comments. Citizens wishing to speak may obtain and complete a speaker card through the City Clerk at the start of the meeting.

A. Audience Comments

B. Follow-Up

### **V. CEREMONIAL ITEMS**

A. Introduction of Patrol Officer Damin Martinez and Co-Responder Mae Mercandante

B. Introduction of Firefighters: Denise Velarde, Sariah Lopez, Pedro De Pedro Pablo, Josh Cline, Christian Wolfe, Jerrick Martinez, and Micheal Altshue.

### **VI. CONSENT CALENDAR A**

The Consent Calendar allows multiple actions with one motion. Consent Calendar A contains routine items which have been recommended for action by staff or advisory boards. Council may remove a consent calendar item for separate consideration.

C.1.a. Ratification of Planning Commission Approval: Conditional Use Permit for an Educational Use at 700 Main Street

C.2.a. August 2024 monthly financial and expenditure reports.

C.3.a. First Reading, Ordinance No. 31-2024, an ordinance approving an intergovernmental

agreement with San Luis Valley Emergency Medical Services for EMS Support in SWAT Operations

C.7.a. Approve Minutes of Meeting October 16, 2024

## **VII. REGULAR BUSINESS**

### **C. Board/Commission Business**

1. Planning Commission Annual Update

### **D. Business Brought Forward by City Staff**

#### **1. Development Services**

- a. Public Hearing and Second Reading, Ordinance No. 27-2024, an Ordinance Amending the Unified Development Code with Respect to Lighting
- b. Public Hearing and Second Reading, Ordinance No. 29-2024, an ordinance amending section 10-28 of the *Code of Ordinances of the City of Alamosa* to eliminate the distance restriction for alternative secondary schools and online schools for any campus in the Central Business District
- c. Public Hearing and Second Reading, Ordinance No. 30-2024, an Ordinance Amending the Unified Development Code to Allow Schools in the Central Business District by Conditional Use with Certain Limitations

#### **2. Parks and Recreation**

- a. A Motion Expressing Support for the Alamosa Riverfront Project

#### **3. Information Technology**

- a. Public Hearing and Second Reading, Ordinance No. 28-2024, renewal of IGA with the City of Monte Vista for the provision of Information Technology Services.

#### **4. City Manager/Legal**

- a. Motion directing staff on whether to move forward with the design of the soup kitchen/low-barrier shelter (formally a low-barrier, cold weather shelter).

### **E. Committee Reports**

### **F. Staff Announcements**

December 18, 2024	7:00 p.m.	Regular Council Meeting	Council Chambers	
December 21, 2024	6:00 p.m.	Alamosa Round-Up Christmas Light Parade	Main Street	***
* Work sessions are informal Council meetings for the purpose of discussion among Council members. No action is taken. The public is invited to attend.				
**Sponsored by outside entity. Council members have been invited to attend. Please check with originating entity for registration information				
*** Citizens are encouraged to attend this community event				
**** This is a purely social event and not open to the public				
*****This is a closed session and not open to the public				

# ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

---

**Subject/Title:**

Ratification of Planning Commission Approval: Conditional Use Permit for an Educational Use at 700 Main Street

**Recommended Action:**

Ratify Planning Commission's conditional approval. The conditions are as follows:

1. Student enrollment is capped at 75 students excluding on-line students.
2. Five years after the certificate of occupancy is issued for the educational/office use, 1,500 square feet of leasable retail area fronting Main Street must be added.

**Background:**

The Alamosa School District (ASD) has applied for a Conditional Use Permit (CUP) to relocate their administration offices, their alternative education school, and their online school to 700 Main Street (the old Friday Health Building.) CUPs are a special and infrequently used tool in the development code (UDC) to allow uses that are unusual in a zone district and need special conditions to ensure success and compatibility with other uses. CUPs require a hearing before the Planning Commission (PC) and ratification by City Council. City Council can pull a CUP from their Consent Agenda for discussion and if they disagree with the findings of PC, can schedule it for a public hearing at their next regularly scheduled meeting. Regardless of Council's agreement with the PC's recommendation, staff recommends the item be pulled in order to allow for the second reading of the change to the UDC for educational uses in the Central Business District to occur before consideration of this conditional use permit.

This request has come after a complicated history which involved an accelerated application timeline, a text change to the UDC, an amendment to liquor distancing restrictions, a special meeting with PC, allowing a Land Use application before changes to the UDC took effect, waiving certain application requirements, and widespread public scrutiny both for and against the proposal. Throughout this, City staff has worked to balance being a community partner, supporting boards and commissions, and upholding Alamosa's codes and ordinances. How we got to this evening is as follows:

- April 2024: Planning staff became aware of ASD's intention to purchase 700 Main Street for administrative offices. These offices would be allowed to continue as a pre-existing, non-conforming use. However, staff was not informed that the district also intended to move their alternative education and online education programs. Educational uses are not allowed downtown in the Central Business District (CBD). The only correspondence staff received at that time was a state statute reference and an assertion that the District is not bound by the City's land use authority (see attached email). The law on whether the District is bound by the City's zoning regulations is unclear, but the City Attorney's position is that it is.
- July 16, 2024: ASD attended the Main Street Advisory Committee meeting. They spoke about purchasing the building. They did mention in passing at that time that it would include

Alternative Education and they may have a Moose swag store. Unfortunately, staff did not pick up on the mention of educational use at the meeting.

- August 16th: Staff received a letter addressed to Planning Commission which stated the District's intention to purchase the building for educational uses, both claiming its desire to be a good community partner, and also claiming it is exempt from Alamosa's land use code - a position that Alamosa staff and the City Attorney firmly disagree with. That letter is attached.
- August 28th: ASD and Alamosa leadership meet to discuss the potential options, challenges, and deadlines associated with the District's intent to purchase the building and the requirement that they needed to move out of their existing administrative space by September 30th. Alamosa staff identified two necessary actions to facilitate the District's intentions: 1) an amendment to modify the liquor license restrictions downtown with respect to school distances at the request of the District; and 2) an amendment to Alamosa's land use code to allow schools in the CBD.
- September 10th: Planning Commission held a special meeting to discuss the proposed code amendment, and entertain the following options:
  - a. a limited use (administrative approval with restrictions),
  - b. a conditional use (a discretionary approval by Planning Commission, ratified by City Council), or
  - c. to not change the code to allow education in the CBD.

Planning Commission chose to recommend a conditional use process. They also asked the District about their long term plans for the site. The minutes are attached. Simultaneously, ASD was able to get a lease extension for their admin space, and the City was able to realign the work session schedule to hold a meeting between ASD and Council.

- October 9th Work Session with Council and ASD: Council instructed staff to proceed with the two necessary ordinances, including the ordinance allowing schools in the CBD by conditional use. Following that meeting, staff looked at the various meeting schedules and public notice requirements to determine the fastest possible way to continue.
- October 11th: Alamosa staff details the next steps for the district, which includes the dates and requirements for a conditional use permit application. That message is attached. Despite the ordinance allowing educational uses in the CBD not yet being adopted, staff took the unprecedented move to allow the District to apply for a CUP anyway, waived the application deadline, as well as application requirements such as the ownership and encumbrance report, fully developed plans, and authorization from the current property owner.
- October 16th. First reading of the ordinances to amend the land use code and liquor licensing restrictions. Staff receives the application from the District.
- October 23rd. Planning Commission meeting to approve the CUP.

On October 23rd, Planning Commission met to decide on the Alamosa School District's (ASD) CUP application. In addition to the restrictions specified in the recent change to the UDC to allow educational uses in the CBD (Ordinance 30-2024) i.e. high school aged students and same restrictions as professional offices, all conditional uses must:

1. Further the City's adopted plans,
2. Be compatible with the surrounding area, and

### 3. Fulfill a community need.

Planning Commission found that the request meets the standards and voted 3-1 to approve the request with the following conditions. These are explained in further detail below.

1. Student enrollment is capped at 75 students (excluding online students),
2. Addition of 1,500 square feet of leasable retail area along Main Street within five years of occupancy.

These conditions aim to ensure adherence to the District's goals and address concerns about transparency. Planning Commission wished to ensure that the District's intentions and goals would be followed as they were presented. Past actions by ASD (primarily, delays in paving of Maroon Drive and issues when the new elementary school complex was built) have created a history of lack of follow-through and trust, although that history was obviously under other boards and leadership.

The application and supporting documents that helped Planning Commission make their recommendation including the staff report, plan extracts, and draft meeting minutes are attached. After reviewing the application, PC chose to approve the CUP with the following conditions:

- Enrollment and Growth: ASD predicts enrollment of 50-60 students, with an average of 20-40 on-site at one time. These numbers exclude 5-15 online students. Given the potential for growth, Planning Commission decided it was best to place a student cap of 75 (excluding online students - staff holds that the presence of online students is sporadic and should not be counted towards the cap). This provides room for the program to grow while preventing parking issues downtown. ASD can request an amendment to the CUP if needed in the future. However, ASD's reaction to the cap at the PC meeting suggested a desire to grow the program more than they previously disclosed which, unfortunately, added to the atmosphere of distrust. Currently, the proposed use requires approximately 30 spaces for the office space (3 spaces per 1000 square feet), and 30 spaces for the alt-ed use (1 space per 2 students). The parking lot included in the sale to the rear of 700 Main Street has approximately 64 spaces. With 75 students, the use would require 68 spaces total meaning the district is already short on parking spaces with the current cap of 75 students. By having a cap, it allows the chance to re-evaluate any potential impacts (or lack thereof) should the school use grow and for the School District to explore how to meet parking requirements.
- Retail Space Condition: The second condition comes from Councilor Carson's suggestion to swap leasable office space for retail space during the Council work session. His recommendation was based on ASD proposal to have leasable office space upstairs and a "swag store" for ASD gear. Planning Commission accordingly required 1,500 square feet of retail area along Main Street within five years. The District estimates the renovation for retail space to cost \$250,000 to \$400,000 and has no money for the project. They requested the City partner with them to look for funding and requested five years after the office/education space is operational to add the retail space. They anticipate that the office/school space will be operational in Fall 2025.
- It is important to note that staff has consistently enforced the no office space on first floor building rule in the CBD or worked with nonconforming offices to include uses that fit better in the CBD. A

good example is the Center for Restorative Programs office that was non-conforming. Staff heavily pressured them to return a portion of the square footage to a conforming use in the form of a restaurant and to contribute to the good of downtown, which they complied.

- Good Neighbor Actions: Planning Commission recommended two "good neighbor" actions, which cannot be included as conditions, but were strongly encouraged to increase trust and transparency:
  - Host an open-house meeting for public insights and input,
  - Assist in enforcement if nuisance behaviors or parking issues arise.

**Issue Before the Council:**

Does Council wish to ratify Planning Commission's conditional approval to issue the Conditional Use Permit for a School at 700 Main Street?

**Alternatives:**

- **(Recommended action)** Staff recommends the ratification of Planning Commission's approval with conditions.
- Council may remove the item from consent agenda by a majority vote, and ask questions of the Code Administrator, then:
  - Decide to ratify the decision, or
  - Place the matter on the next available council agenda for public hearing.

Note, if Council wishes to modify the approval or any of the conditions placed by Planning Commission, it must be pulled from this agenda and placed on the November 20th agenda. After an additional public hearing at that meeting, Council may override Planning Commission's decision.

**Fiscal Impact:**

There is no fiscal impact involved with this decision.

**Legal Opinion:**

The City Attorney will be present for any legal questions that may arise.

**Conclusion:**

The request meets the standards for which a conditional use may be granted, and reasonable conditions have been added to ensure the proposed programs will be harmonious with the character of the CBD. Furthermore, the conditions were crafted based on ASD's own presentation of their needs for the site. They proposed a retail space component, a leased space component, and the student cap is 15 students more than what they estimated as their maximum number of students on site. If these conditions become too constrictive as ASD's use of the building evolves, they have the ability to come back to the PC and Council for an amendment.

# 700 Main Street - Conditional Use Application

**Legend**

 Subject Property

Source: Esri, Maxar, Earthstar Geographics, and the GIS-User Community

**GENERAL NOTES:**

Every effort has been made to accurately capture the existing building in plan form, but contractor shall verify all measurements and locations prior to beginning construction or ordering of materials.

- Existing conditions to take precedence over measurements, but adjustments to wall locations, if required, to be as minimal as possible.
- Elevator installation will require the removal/relocation of several walls & doors on the main floor; cutting holes in the concrete slabs of both floors; excavating a 5' deep pit and installing a concrete footing; building a grout filled C.M.U. foundation/hoistway wall up to the roof deck of the second floor; and, refinishing the area affected on the first floor.
- Contractor to make necessary repairs to treads and landings of both the existing sets of stairs to ensure safety and uniformity of rise and run. The existing handrailings to be repaired as necessary.
- The door to the rear set of stairs must be moved as shown; a new hall door installed adjacent to it to turn old conveyer area into an exit hall; a wall built to create a new exit hall as shown; a wall built and door installed to create a separate mech. room; and the walls, ceiling and exterior steel door of the common entry/exit area repaired and painted.
- Contractor to use rear stairs and alley entrance whenever possible to ensure that the existing offices on first floor are disrupted as little as possible. Noise and dust are to be minimized, and all necessary utility interruptions are to be coordinated with the owner's liaison the day before implementation. Plastic or similar dust barriers are to be erected and maintained as shown to prevent dust migration into finished areas while demolition and construction of the elevator area are in progress.

**GENERAL NOTES:**

Every effort has been made to accurately capture the existing building in plan form, but contractor shall verify all measurements and locations prior to beginning construction or ordering of materials.

- Existing conditions to take precedence over measurements, but adjustments to wall locations, if required, to be as minimal as possible.
- Interior dimensions are from face of framing wall, and dimensions at openings (3/0) are finished opening sizes in feet/inches.
- Exterior wall furring to extend to rafters, and gypsum to extend to fire blocking at ten feet above floor level.
- Where walls are diagonally hatched, they extend to rafters to form draft stops and one side shall be covered with 5/8" Type X gypsum to bottom of roof deck. All penetrations through these draft stops to be sealed with 1 hour rated caulk, or equal. 1 hour rated access doors to be installed allowing access inbetween all draft-stopped areas.
- All cavities in exterior furred walls and existing roof rafters to be filled with adhesive-enriched cellulose insulation. Insulate all interior walls with batt insulation to match stud thickness for sound dampening.
- All windows on the upper floor are to be replaced, and contractor shall ensure that the security of the existing offices is maintained during this process.
- Contractor to make necessary repairs to treads and landings of both the existing sets of stairs to ensure safety and uniformity of rise and run.
- Contractor to use rear stairs and alley entrance whenever possible to ensure that the existing offices on first floor are disrupted as little as possible. Noise and dust are to be minimized, and all necessary utility interruptions are to be coordinated with the owner's liaison the day before implementation.

# Alamosa School District

# Journey to Impact

# ASD Celebrations

## Academic Accountability:

- AES 3-5 and OMS are ranked on U.S. News BestSchools
- Co-creation and implementation of a Strategic Action Plan and Graduate Profile
- Alamosa School District is in Colorado Department of Education ranked as Performance (green), highest level of school ranking
- Alamosa High School is in Performance (green) for the tenth consecutive year
- Ortega MS out of turnaround to Improvement
- AES 3-5 jumped from Priority Improvement to Performance
- Opening an Alternative High School
- Adding Army STAR program at high school

## School Safety and Security:

- Security guards located at school sites after swatting events
- Opening a Family Center to enhance Family School Community Partnerships
- Safety radios with direct contact with dispatch and first responders
- SAFER grant for interoperability with dispatch/emergency responder
- SSD (1) and SSD (2) grants to improve communication by safety teams and administrators district-wide. SSD 2 to purchase and install an intercom system at OMS
- Vaping Prevention Grant awarded to address vaping.

# ASD Celebrations

## Facility Maintenance:

- Development of a Facilities Master Plan
- Two BEST grants for HVAC in all schools to add quality air circulation and air conditioning
- Asbestos abatement at Ortega Middle School

## Fiscal Responsibility:

- High school stadium bond fully paid off in December 2023
- Bond for elementary schools will be paid off in December 2029
- Last time district asked voters for a bond was for the high school stadium in 2013

# Alamosa Alternative/Alamosa Online Schools

## Responses and information for October 9, 2024, City Council work session

1 message

**Diana Jones** <djones@alamosaschools.org>

Fri, Oct 4, 2024 at 10:39 AM

To: Deacon Aspinwall <daspinwall@ci.alamosa.co.us>, Rachel James <rjames@ci.alamosa.co.us>, Heather Sanchez <hsanchez@ci.alamosa.co.us>

Cc: Joe Aldrich <joe@synergyconstructionconcepts.com>, Amanda Hensley <ahensley@alamosaschools.org>, Heidi Richardson <hrichardson@alamosaschools.org>, Luis Murillo <lmurillo@alamosaschools.org>, Adrian Ramirez <aramirez@alamosaschools.org>, "Smith, Lori" <lsmith@alamosaschools.org>

Mr. Aspinwall,

Thank you again for the opportunity to present our information to the City of Alamosa City Council. I have included the questions and topics that you requested from us after our Planning Commission meeting below and added the narrative below each question/topic for ease to the reader. Also included are exhibits and a slide presentation.

*(Notes from Mr. Aspinwall) Reading through the minutes and my notes, here are some of the questions/topics that arose:*

- *specific use/numbers/details of the educational uses*
- *Admin offices upstairs - who/how many*
- *The cost-benefit ratio of the needs versus the opportunity with the FHP building*
- *Long-term projections of the growth of the uses*
- *The evidence refuting the notion that this is negative moving the alt-ed/"labeled" students away from the main campus*
- *Planned upgrades to the building (what was mentioned was sprinkling and bathrooms, IT not really necessary)*
- *Parking (as a non-issue)/using any decals or any other perceived needs?*
- *Security protocols*
- *Numbers and evidence/history of outreach*
- *Anything and everything relevant to the operations of the building, assuming that the average person knows nothing*

**Specific use/numbers/details of the educational uses:** The proposed educational occupancy on the first floor of the 700 Main building would consist of 50-60 high school aged students receiving instruction as part of an Alternate Education Campus (AEC). AECs are schools with specialized missions designed to serve high-risk student populations. These students are rarely present in the building at the same time due to lifestyle and employment restrictions. An alternative school schedule will be attached at the end of this document for more information on average student load at any given time. The first floor will also be home to instructors providing online education to both high school and middle school students. These students would access the building for brief meetings with their teachers, although many days no online students would be present at the building. The school day for the alternative students is modified based upon individual needs and schedules. The official school day currently begins at 7:45 a.m. and ends at 3:45 p.m. with modified schedules beginning and ending within that timeframe. The district is currently working with their Transportation and Safety Officer for a plan on bus drop-off and pick-up, which could modify the start and end times for the school day. This is expected to only impact the alley and possibly San Juan Avenue.

**Admin offices upstairs - who/how many:** The District's administration staff would occupy the second floor of 700 Main along with leased space for other community partners. At this time, it is anticipated that 15 district

personnel would move into the east side of the second floor. The intention is to lease some of the remaining space to community partners to generate revenue and provide high-end commercial office space. The District anticipates between 15-20 individuals in the leased portion of the second floor.

**The cost-benefit ratio of the needs versus the opportunity with the FHP building:** In the fall of 2021, the district identified the need for the AEC. After many months of looking, the only site available was the district administration building located on the Ortega Middle School campus. Since office space was easier to find than educational space, the District chose to relocate their administrative functions to 403 Santa Fe. They currently sublease a portion of the building from the San Luis Valley Early Childhood Council. Unfortunately, that organization has outgrown the space it occupies and, in 2023, notified the District that they would need to vacate their space by July of 2024. During its master planning process conducted over the last year, the school district identified needs across all its sites. The Alternative Education site was the one with the most educational inadequacies due to the fact that this was, and always has been, an office building. The current location is too small for the existing enrollment and the classrooms and assembly areas are not adequate. As part of the master plan, RTA Architects studied the existing building and estimated that, to make the building relevant and right-sized, the District would need to spend \$2.34MM on renovating existing space and \$6.55MM to build new additions. Unfortunately, the Colorado Department of Education (CDE) has seen decreased funding for the Building Excellent Schools Today (BEST) grants and, with all the other district needs, the alternative school's capital needs are very unlikely to be addressed through a BEST grant. The BEST program would not fund a new build for a district office, and the estimates that a new ground-up office would run as low as \$2.6MM to as high as \$4MM. The District saw an opportunity, with the financial distress of Friday Health Plans vacating the building at 700 Main, to satisfy the need for administrative offices and room for Alternative Education with space to grow. The District negotiated a contract to purchase the building and parking lot due south for \$2.3MM. The District believes that renovating this building will cost roughly \$1MM. Using the above estimates, it's about \$8MM less to utilize the 700 Main building for the alternative school and district office versus renovations/additions at the existing alternative school and the construction of a new district office. The district firmly believes that, rather than being a subtraction to the vitality and vibrancy of the Central Business District, they can be a valuable addition to the neighboring businesses. Additionally, due to the size of the building, the limitations on the types of use, and the existing office type layout, the District believes they are a perfect partner to occupy this building and save it from possibly becoming blighted vacant property.

**Long-term projections of the growth of the uses:** The district has discussed the possibility that the alternative school enrollment could grow beyond the 50 to 60 students due to an existing waiting list. The long-term goal, however, is that as the district encounters successes moving students from the AEC back to normal campus attendance, future enrollment at the AEC may eventually drop. With that being said, there will always be a need for students who need a different option to progress through graduation requirements at a faster or slower pace.

**The evidence refuting the notion that this is negative moving the alt-ed/"labeled" students away from the main campus:** The Alternative School and Online School are separate entities and therefore, it is appropriate to have them in a different building from other school sites. These students have chosen to be at this site and worked diligently to be apart of this school. Neither the students nor the staff have felt as though they have been slighted due to being in a different building. This is a typical practice for an Alternative Education Campus. The staff and even the students work to ensure that the environment is welcoming. The students want to be there, or they would not have chosen to enroll.

**Parking Needs/Enforcement:** The district believes that the parking lot to the south of the 700 Main building has enough capacity to both meet the City of Alamosa code requirements as well as the occupant needs. By code, business occupancies require one space per 1000 square feet. The second floor will be occupied for that use and will require around 33 spaces. The first floor will be educational occupancy, and with one space required per two students, the district believes that the remaining spaces will be sufficient for their needs. In reality, with an enrollment of 50-60 alternative students, only about half are ever realistically in attendance. If parking becomes an issue due to unauthorized individuals parking in the lot the school will, at its discretion, tow unauthorized users at their expense. The armed security guard attached to the school will help enforce this as necessary.

**Planned upgrades to the building (what was mentioned was sprinkling and bathrooms, IT not really necessary):** The District plans on limited renovations to the building. These consist of life safety upgrades, 37 of 163

accessibility upgrades, conference room and office additions on the second floor, and additional restrooms on the first floor. Please see the attached Friday Health Building Assessment completed by RTA Architects for additional information on the due diligence to date regarding the acceptability of the building for educational and business use.

**Security protocols:** Security protocols will be handled consistent with district policy. The building will have a designated space for an armed security guard. The district firmly believes that having that additional security professional downtown not only increases the security of the building but also the rest of the Central Business District.

**Numbers and evidence/history of outreach:** Since July we have been to the Main Street Advisory Committee meeting, Kiwanis luncheon, Coffee Connections, Alamosa Republican’s meeting, Alamosa Democrat’s meeting, Alamosa Chamber of Commerce Lunch, had podcast episodes (English and Spanish) dedicated to the building purchase and bond information, we talked about the building purchase at our beginning of the year “All Staff” meeting that included over 300 people.

**Anything and everything relevant to the operations of the building, assuming that the average person knows nothing:** See attachments.

**Current Alamosa Alternative School Schedule options for students:**

**ALAMOSA PLANNING COMMISSION  
COMMISSION COMMUNICATION**

---

**Subject/Title:**

Request to allow a secondary and online school by Conditional Use in the Central Business District (CBD)

**Background:**

The subject property is located 700 Main Street and more commonly known as the Friday Health Plans building, located in the south 27' 1" of the east 7' of Lot 12, the south 27' 1" of Lot 13, and all of Lots 14-16, Block 49 of the Alamosa Subdivision, Assessor's Parcel Number 541310226018. The lots are located in the Central Business District (CBD) zone, with a current use of *Professional or Business Office*. See the attached location map.

The applicant, the Alamosa School District, intends to move their administration office, the instructors for their online school, their Alternate Education Campus (AEC), to the subject property as well as leasing a portion for office space. The first floor of the subject property would consist of 50-60 high school-aged AEC students. AECs are schools with specialized missions designed to serve high-risk student populations. The first floor will also be home to instructors providing online education to both high school and middle school students. The second floor of the subject property would be home to 15 district administration personnel as well as space for 15-20 individuals in leased office space. The completed and sufficient Land Use Application was delivered to the Development Services Department on 10/15/2024. Public notice requirements have been met pursuant to **Table 21-8-511**.

The applicant is requesting a conditional use for a *School* in the CBD pursuant to **Table 21-2-203A** and **Section 21-2-203(b)(5)(c)** of Alamosa's Unified Development Code (UDC). **Section 21-2-203(b)(5)(c)** requires that Schools allowed in the CBD by conditional use have the same limitations as Professional Business Offices and are for high school-aged students and older. See the owner's full request narrative, attached. General sketches have provided by the applicant. See the site plan, floor plan, and bus drop-off plan, attached.

**Analysis and Impact:**

Under **Sec. 21-7-204**, are evaluated on general criteria for a Conditional Use Permit (CUP) - specifically plan implementation, compatibility, and community need. In relation to these criteria, staff makes the following findings. Italicized texts are the quoted standards.

**Sec. 21-2-302. - General Standards for All Conditional Uses**

(b) *Plan Implementation*. This is amongst the more difficult CUP standards to meet in this particular situation. On one hand, the proposal will help implement **ECONOMIC DEVELOPMENT GOAL ED.3 – IMPROVE THE PROFESSIONALISM, KNOWLEDGE, AND ABILITIES OF THE LOCAL WORKFORCE – Strategy B and C**: *“Work with economic development and education partners to establish education and training programs that align with job opportunities.”* and *“Increase adult education opportunities to expand adult literacy, provide primary and secondary education opportunities and career building.”* (Page 31).

Additionally, the *Alamosa Downtown Design Plan* provides two insights. The first is found on Page 34, where it discusses the creation of the Main Street Advisory Committee:

*“Downtown areas are most successful when a partnership of municipal, private, and non-profit entities come together to manage the downtown as a place. Downtowns are destinations with cultural, historic, civic, entertainment, **educational**, and economic attractions. They need more coordination to address the variety of users and needs present. Alamosa should form an organization to steward this Plan’s proposed investments and programs to sustain the momentum created from initial actions and investments.”*

Under “Regulatory Tools” for short-term implementation, page 46, the plan states:

*“Provide more prescriptive zoning in the Downtown core area, with only the desired uses allowed. Consider amending the Central Business District (CBD) allowed land uses to permit townhouses or rowhouses, small scale child care facilities, **schools**, and college or university uses (to allow some Adams State University or Trinidad State Junior College owned and operated facilities in the area).”*

When the UDC was modified under Ordinance 5-2020 to align it with the Downtown Plan, staff excluded *School* uses from that update due to conflicts with liquor licensing regulations and the unforeseen potential for *School* uses to be established.

**(c) Compatibility.**

(1) *Will be compatible with surrounding land uses.* The surrounding land uses are varied in nature, as with all downtowns, with uses including residential, retail, bars and restaurants, offices, and much more. The proposed uses includes *School* and *Professional or Business Office*. With the limitation that *School* uses be targeted to high school-aged students and older, this should be fairly similar to an office-adjacent use.

(2) *Is proposed for a location that is appropriate in terms of mitigating the impacts or risks of the use to the natural environment, or the environmental impacts or risks are mitigated through the design or the operation of the use.* There are no known risks to the environment at this site.

(3) *Will not materially detract from the character of the immediate area or negatively affect the anticipated development or redevelopment trajectory (for example, by creating a critical mass of similar conditional uses that is likely to discourage permitted uses by making the vicinity less desirable for them).* It is unlikely that, if approved, the use will ever change or the ownership will change hands, so staff has some concern about this large of a property perpetually generating no tax revenue. While having employees, visitors, and students will increase foot traffic, which will likely increase some spending, it is unlikely to have a significant economic impact on the CBD. The potential floor plan included by the applicant shows approximately 1,000 square feet for potential retail sales for a “Mean Moose Swag” store. At its October 9<sup>th</sup> meeting, 10/9/2024, Page 40 of 100.

some Councilors suggested re-arranging and reducing the amount of leasable space, and instead, having leasable retail space along Main Street. Staff endorses this idea of providing more first-floor retail space as a means of providing some economic output.

(d) *Community Need.* The need for additional space for alternative education is self-evident and described well in the applicant's narrative.

In reference to the applicant's request, as they pertain to Conditional Use standards, staff finds that it largely meets the standards for which a CUP may be granted.

There are many potential impacts to consider with this request, and the applicant's narrative addresses many, if not all, of the questions raised at the special meeting held on September 10<sup>th</sup>. Below is a short summary.

- **Specific use/numbers/details of the educational uses:** The first floor of the 700 Main building will be used for an Alternative Education Campus (AEC) for 50-60 high school students and online education for middle and high school students.
- **Admin offices upstairs - who/how many:** The second floor will house 15 district administration staff and 15-20 community partners.
- **The cost-benefit ratio of the needs versus the opportunity with the FHP building:** The district believes it is more cost-effective to purchase and renovate the 700 Main building for \$3.3MM than to renovate the existing alternative school and build a new district office for an estimated \$10.89MM.
- **Long-term projections of the growth of the uses:** The district anticipates potential growth in the AEC enrollment up to 60 students but also the possibility of a decrease as students transition back to the main campus.
- **The evidence refuting the notion that this is negative moving the alt-ed/"labeled" students away from the main campus:** The district states that it is common practice for alternative schools to be in separate buildings and that students have chosen to attend the AEC.
- **Parking needs/enforcement:** The district believes the existing parking lot is sufficient and will enforce unauthorized parking through towing. Bus drop-off will happen twice per day, Monday through Thursday, on San Juan Avenue. The stop will take under two minutes and have minimal impact on traffic.
- **Planned upgrades to the building:** The district plans limited renovations, including life safety upgrades, accessibility upgrades, conference room and office additions, and additional restrooms.
- **Security protocols:** Security will be handled in line with district policy, with an armed security guard stationed in the building.
- **Numbers and evidence/history of outreach:** The district has engaged in various outreach efforts, including meetings with community organizations and media appearances.

#### **Recommended Action:**

Staff recommends that Planning Commission, **conditionally approve** the conditional use request because the request meets the provisions set forth in **Sec. 21-2-302**. The request will facilitate the use of a large building downtown that would otherwise be difficult to fill and helps with a dire need for the school district.

*Sample findings and motion. Motions are provided for suggestion and as a template only, and are not required to be followed: I find that the request at 700 Main Street meets the requirements for which a conditional use may be granted. I move to approve the request as presented.*

#### **Alternatives:**

The following is a non-exclusive list of actions that Planning Commission may take.

**(Recommended action)** Planning Commission may choose to **approve with conditions** conditional use permit request. Staff suggests the applicant be required dedicate the areas immediately adjacent to Main Street on the first floor as commercial space (approximately 1,500 square feet) enforceable by an agreement with the City of Alamosa.

Planning Condition may **approve** the request **with conditions** different than those suggested by staff to mitigate any potential adverse impacts. Such reasonable conditions may include:

- Lighting
- A parking enforcement plan, in the event that there are perceptible and regular parking conflicts with surrounding uses
- Protections against nuisance behavior and loitering

Planning Condition may **approve** the request without any conditions, if it finds there are no adverse impacts needing to be mitigated. Planning Commission may **deny** the request if it finds the request does not meet the standards for a conditional use. If Planning Commission decides to deny the request, it must provide findings of fact outlining how the request does not meet those standards.

**These decisions are all subject to ratification by City Council on November 6<sup>th</sup>.**

#### **Relevant Code:**

##### **Sec. 21-2-302. - General Standards for All Conditional Uses**

- (a) **Generally.** All conditional uses shall meet the standards of this Section related to plan implementation, compatibility, and community need.

(b) **Plan Implementation.** The proposed conditional use in its proposed location will not conflict with the implementation of current adopted plans of the City, including, but not limited to, the Comprehensive Plan;

(c) **Compatibility.** The conditional use:

(1) Will be compatible with surrounding land uses;

(2) Is proposed for a location that is appropriate in terms of mitigating the impacts or risks of the use to the natural environment, or the environmental impacts or risks are mitigated through the design or the operation of the use; and

(3) Will not materially detract from the character of the immediate area or negatively affect the anticipated development or redevelopment trajectory (for example, by creating a critical mass of similar conditional uses that is likely to discourage permitted uses by making the vicinity less desirable for them).

(d) **Community Need.** The conditional use, in the proposed location, will:

(1) Address a material need for the use in the community; or

(2) Create jobs that are likely to pay more than the median wages for the region, or support a critical mass of related and mutually supportive land uses that promote economic development and opportunity.

## School C.R.S.

---

Joe Aldrich <joe@synergyconstructionconcepts.com>  
To: Deacon Aspinwall <daspinwall@ci.alamosa.co.us>

Thu, Apr 18, 2024 at 7:31 AM

Hi Deacon, this is a snip from an email from Kristen Edgar at Kaplan-Ernst, attorneys for the district:

*School districts are generally exempt from local zoning provisions under C.R.S. 22-32-124, which provides that prior to the acquisition of land, the board of education of the school shall consult with and advise in writing the local planning jurisdiction in order to align with the adopted plan of the community insofar as is feasible. In addition, the board is required to submit a site development plan for review and comment to the local planning jurisdiction prior to construction of any structure or building. The local planning jurisdiction may request a public hearing before the board of education relating to the proposed site location or site development plan. Importantly, nothing in C.R.S. 22-32-124 shall be construed to limit the authority of a board of education to finally determine the location of public schools of the district and construct necessary buildings and structure. See. C.R.S. 22-32-124(1)(d).*

Regards,

Joe

Re: Notice of Purchase of 700 Main Street, Alamosa, Colorado

Dear Members of the Planning Commission,

Pursuant to C.R.S. § 22-32-124(1)(a), this letter serves as formal notice that Alamosa School District RE-11J is under contract to purchase the real property located at 700 Main Street, Alamosa, Colorado (the "Property") for use by the District as first floor education use and second floor business use. The District hopes to close by the end of this month.

As you may know, the District has the authority to locate programs and renovate existing buildings and structures pursuant to permits that are issued through the State (currently through the Division of Fire Prevention and Control in the Department of Public Safety) rather than the City of Alamosa. Therefore, the District's acquisition of the Property is not contingent upon compliance with the City's planning process. Notwithstanding this fact, the District values its collaborative relationship with the City and intends to cooperate with the Commission and its staff to address the City's interests with respect to the Property. Though the District reserves the right to finally determine the location of its programs at the Property or elsewhere, I am optimistic that we can work together to ensure that the Property will be a good home for the District's programs.

Please contact me if you have any questions.

Sincerely,

Dr. Diana Jones, Superintendent  
Alamosa School District

To: Diana Jones <djones@alamosaschools.org>, Luis Murillo <lmurillo@alamosaschools.org>, Amanda Hensley <ahensley@alamosaschools.org>, Joe Aldrich <joe@synergyconstructionconcepts.com>

Cc: Deacon Aspinwall <daspinwall@ci.alamosa.co.us>, Heather Sanchez <hsanchez@ci.alamosa.co.us>

Diana and Team,

Thank you for attending the City Council work session on Wednesday. I think that it was a productive conversation and the text amendments to our code to allow educational uses in the Central Business District are likely to pass first reading at next week's City Council meeting. That being said, in order to meet your end of November deadline for purchasing the building, we have to be very aggressive in getting you on our meeting agendas between now and then. There is no room for error because of our deadlines for public notice.

We would like to take your Conditional Use application before the Planning Commission at their regularly scheduled meeting on October 23, 2024. After the Planning Commission decision at their meeting, it will go before City Council for ratification at their November 6, 2024 meeting. Please plan on having a representative at both meetings.

The crucial timeline part is this: we have to have your application for a Conditional Use no later than close of business this coming Tuesday, October 15th, in order to meet our public notice posting deadlines. I will go through the application requirements step-by-step below and we are happy to assist whomever is filling out the application.

- **Conditional Use Checklist**
  - Land Use Application: covered below
  - All applicable filing and application fees: your fee is \$100
  - Site Plan: we will use the building plans you already have submitted to satisfy this requirement. If you already have a layout of the site that includes the parking lot, we would appreciate that as well.
  - Project Narrative: we will use your letter to satisfy this requirement.
  - Property Ownership Affidavit and Authorized Representative Form: covered below
- **Disclosure of Property Ownership Agency Affidavit**
  - We generally require an O&E and if you have one as part of your purchase we would appreciate a copy.
  - Please only fill out the Authorized Agent Affidavit portion of this form, we generally require a sign-off from the actual owner but given your expedited timeline and the difficulty of working with the bankruptcy attorneys, we are willing to be flexible.
  - Please include a copy of your sales contract.
- **Land Use Application**
  - Your legal description is: S 27'1" OF E 7' LOT 12 S 27'1" LOT 13 & ALL LOTS 14- 15 & 16 BLOCK 49 ALAMOSA
  - Your zoning is: Central Business District

It seems like a lot but really it boils down to filling out the Land Use application, signing the property ownership affidavit, providing a copy of the sales contract (and O&E if you have one), and paying the \$100 fee. Please let us know if you have any questions.

Sincerely,

Rachel James  
Development Services Director

**Planning Commission - Regular Meeting**  
**October 23, 2024**  
**6:00 pm**  
**Minutes of the Meeting**

This special meeting of the Planning Commission was called to order on October 23, 2024 at 6:05 pm. by Chairman Mark Manzanares. Present were the following members: Mark Manzanares, John Adams, Sandra Ortega, and Ralph Symbleme, with Commissioner Reyna Martinez excused. Staff Present: Deacon Aspinwall, Erich Schwiesow, and Rachel James.

**Agenda Approval: M/S/C.** Adams/Ortega-Motion to approve agenda as presented. All in favor, none opposed.

**Public Comments:** None

**Regular Business:** Request by the Alamosa School District allow a secondary and online school by Conditional Use in the Central Business District (CBD) at 700 Main St

- Staff report: Explained that the Ordinance that allows this use in the code is still under review from Council but this request was expedited to accommodate the school district's timelines. Staff explained that the background of this request is already well known and would not be discussed at length. Staff did explain the gravity of allowing a non-profit building in the CBD and that they were unlikely to ever leave. Staff explained the nature of conditional use requests and how conditions must be reasonable and enforceable. Explained that educational uses are recommended in the downtown plan. Staff recognizes the parallels between high-school aged or older students and office uses. Explained the district's proposal of a Mean Moose store and how it tied in with Councilor Carson's recommendation from their October 9th work session to lease retail space on the first floor of the building. Community need for a school at this location is self-evident and there is a need to house the alternative school. Explained that school districts answers to the questions posed by the Planning Commission at the special September 10th meeting (*attached in applicant narrative*). Staff recommends approval of the conditional use permit and after presentation from the school district and questions from the planning commission, would be willing to give recommendations on conditions.
- Presentation from School District: Joe Aldrich is the project manager and one of the representatives for the District. Mr. Aldrich stated that the conditions from the staff report seem reasonable but had not heard of the student cap and would defer to other District leadership. His primary concern with Councilor Carson's recommendation for 1,500 sq.ft. of retail space would be the redesign/remodel costs. He has reached out to Kathy Woods and she said there is some funding available. Would like to see the District and the City partner to find funding to make the retail space possible. He believes that adding the storefront back would cost between \$250,000-\$400,000k. Argued that the space needs to make sense for both the city and the district and be profitable. He repeatedly stressed that the retail space would only be possible if the city was willing to partner to find grants to fund it.

- Request for Public Comment: none
- Questions from PC:
  - Symbleme: What type of retail establishment was recommended? Staff responded that anything allowed by right would be ideal. Tutoring and education services are Retail Type 1 and would be a good fit. Staff does not think food service would be feasible because of the cost of remodeling.
  - Adams: Is the building historical? Mr. Aldrich explained it is not on the registry but will look into it for funding. Designation would not affect any of the proposed uses for the building.
  - Manzanares: Would like clarification on the number of students and would like to see a cap on 70 and with limitation on middle school students only allowed on site for tutoring but not as alt ed students. If the school district would like to grow or expand to middle school students, they can come back before the Planning Commission. As far as retail space, 1,500 square feet is not very much room but it does give the opportunity for the retail industry and storage. Would like the District to see it through. When the school district built the stadium it took much longer than promised to take care of the road and does not want to see that happen with this project. Asked staff if the open house/public meeting option was possible to enforce. Staff responded that although it could not be a requirement of the conditional use, it would be an important thing for the District to do as a good neighbor. Mr. Manzanares commended the District for the amount of public outreach it did in advance of the four day week transition and how smoothly it went when it took effect. Asked staff if parking and nuisance behavior conditions could be enforced, staff responded that the nuisance behavior was not allowed but specific requirements for parking are allowed. The nuisance behavior would have to be dealt with the onsite school security and the District should handle as good neighbors in the CBD. Mr. Aldrich responded that the District is looking into buying the courtyard adjacent to the old Oscar's building as well as the Sixth Street parking lot. Acknowledged that the District has the best leverage to acquire the lot. Mr. Manzanares recommended a Sylvan learning center and dyslexia testing based on the need in the community and stated that the District would hear it first hand if they were to do public outreach. Mr. Aldrich explained that if grants are secured, it gives the District a lot of flexibility on who to rent to and what to set the rent as.
  - Symbleme: Can the City have first refusal for the Sixth Street parking lot? Staff said the parking lot should be discussed at another time.
  - Adams: would like to define when retail space would happen. City Attorney Schwiesow explained that conditions should include a trigger and a deadline for the first floor retail space. He also cautioned that the City partnering on grants should not be included as one of the conditions. Mr. Aldrich requested a reasonable timeline and said that the price tag would make it very difficult. Mr. Schwiesow asked what "reasonable" would mean? Mr. Aldrich suggested five years.

- Symbleme: should we further restrict the retail space to focus on education. Staff said that would make the space more difficult to fill and discouraged it.
- Ortega: Asked what the timeline for occupancy would be. Mr. Aldrich explained that they would concentrate on the educational and office uses first and then the retail use later. Asked what the incubator space plan would be and staff explained what it is and that it was recommended by Councilor Hensley at the UDC work session.
- Dr. Jones spoke about the condition that would cap the number of students at 70. She asked why they would cap the number of students. Chairman Manzanares said that there are requirements for 35 square feet per student and that without plans at this point, it is impossible to know what the plan to grow will be. Allows the District to come back to request an increase and get necessary public feedback. Dr. Jones would not like to have a limit that prevents them from helping students. The Chair of the School Board requested the cap be moved up to 100. Chairman Manzanares said they support education completely but feel like having them come back before the Planning Commission if they want to increase it and allow comments from the public.
- Symbleme: Does the cap of 70 students affect how the building will be remodeled? Mr. Aldrich said that does not hurt the remodel of the building and even if you subtract the space for retail, you still have room for 270 students.
- Chairman Manzanares asked staff to help write the two conditions. Polled each member what cap number they are comfortable with. Answers ranged from 70-75. Agreed on 75. Mr. Aldrich asked for online students to be specifically exempted from the cap. Staff asked if there was a square footage consensus. 1,500 feet was supported. Staff confirmed 5 years was the trigger for the retail space.
- While staff worked on condition recommendation wording, staff explained how Council ratification works.
- Motion: The request for a conditional use for a high-school aged school in the CBD meets the standards for which a condition may be granted. I move to approve the request with the following conditions. 1) A maximum alt-ed student enrollment cap of 75 students, which does not include the online educational components and students. 2) A minimum of 1500 sf of dedicated and leasable space for retail sales & services, or similar use permitted by right or limited use by right. Said space must be occupiable within 5 years of the issuance of a certificate of occupancy for the educational use.
  - **M/S/C:** Adams/Symbleme, 3 in favor, one opposed (Ortega).
- Staff updates: Captain Maestas has taken the Chief position at ASU, Sergeant Squires will be replacing him for Code Enforcement. We have both plans for downtown hotels. Approved site plan for ENT bank. Old Courthouse moving forward, groundbreaking is on November 1st. Dark Skies went before Council for first reading and was positively received. May not meet the necessary standards to establish the reserve. Alley activation RFP is out. Update on Council's deviation from Planning Commission's recommendations on mushrooms. Reminded that Chairman Manzanares will do his annual update at the November 6th meeting.

**Adjourned** at 7:37 p.m. **M/S** Ortega/Symbleme

Respectfully Submitted,

Rachel James  
Development Services Director

DRAFT

# Alamosa School District

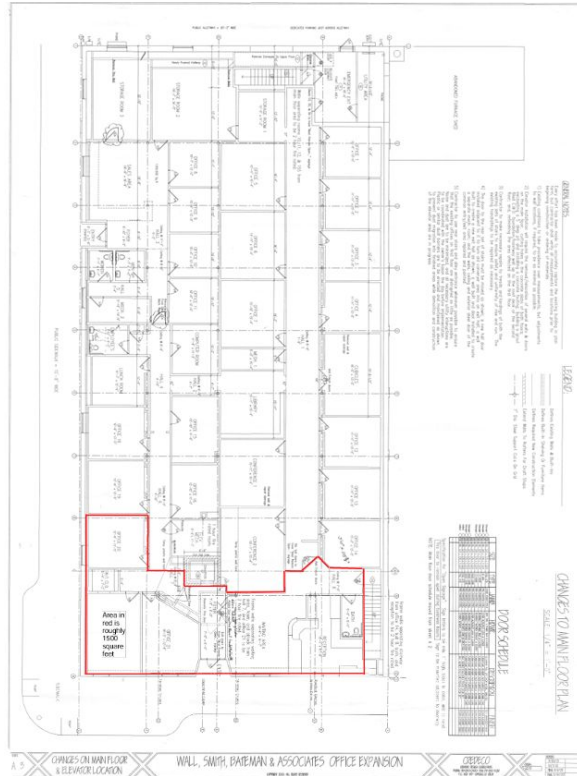

# 700 Main Proposed Conditional Uses

# Proposed Storefront Space

# Career & Technical Education (CTE)

Career and Technical Education (CTE) is an educational pathway that combines academic learning with hands-on experience to prepare students for specific careers. Unlike traditional education, which often focuses on broad academic subjects, CTE programs are designed to equip students with practical skills and knowledge in fields like healthcare, information technology, manufacturing, and trades like carpentry or automotive repair.

CTE provides students with real-world experience through internships, apprenticeships, and industry certifications, making them job-ready upon graduation. It serves as a bridge between education and the workforce, helping students explore career options, gain valuable skills, and often earn credentials that lead directly to employment or further education in their chosen field.

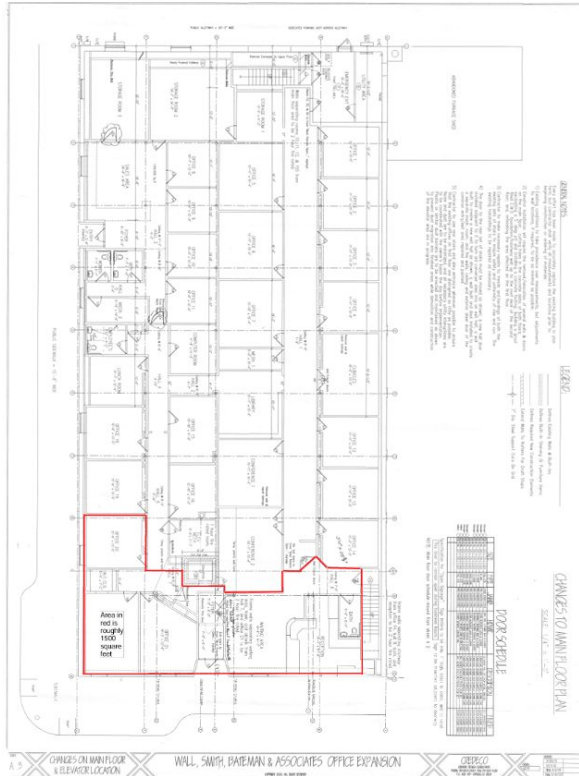

# Alignment to our Profile of a Graduate

The recommendation from the planning committee is to have a storefront of at least 1,500 square feet.

We would like to be trusted to create the best space within the current layout of the building to provide the best environment to foster the entrepreneurship skills of our students.

# Proposed Storefront Space

# Security Measures and/or Protocols

**Enhanced safety measures will be critical due to street access and patrons in the building.**

**Current Enrollment is 59**  
**Waiting List of 15**  
**Proposed cap - 100**

# Current Capacity - 59

Approximately 20-25 students on campus at one time

34 to 42% of students attend at one time

# Proposed Capacity - 100

Approximately 34-42 students on campus at one time

34 to 42% of students attend at one time

# ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

---

**Subject/Title:**

First Reading, Ordinance No. 31-2024, an ordinance approving an intergovernmental agreement with San Luis Valley Emergency Medical Services for EMS Support in SWAT Operations

**Recommended Action:**

Staff recommends approval of Ordinance No. 31-2024 on first reading and setting the matter for a public hearing on November 20, 2024, at 7:00 p.m. or as soon thereafter as the matter may be heard.

**Background:**

The Alamosa Police Department SWAT team is the only dedicated SWAT Team in the six counties of the San Luis Valley. APD SWAT responds across the entire SLV region for critical and high risk incidents due to their extensive training in managing critical incidents. One critical aspect of SWAT response is having Emergency Medical Services dedicated to that specific incident. Other than Alamosa County EMS, EMS across the San Luis Valley is volunteer. Alamosa PD SWAT has worked extensively with Alamosa EMS and established a close working relationship which allows for seamless cooperation during critical incidents.

**Issue Before the Council:**

Does Council wish to authorize the Police Department to enter into an agreement with San Luis Valley Health EMS to provide a dedicated EMS response with APD SWAT for critical incidents in which APD SWAT has been requested by other jurisdictions.

**Alternatives:**

Council can approve the ordinance as presented, modify the ordinance, or reject the ordinance.

**Fiscal Impact:**

There is no fiscal impact.

**Legal Opinion:**

The City Attorney will be present for questions.

**Conclusion:**

This proposed ordinance will ensure adequate emergency medical assistance is embedded with the SWAT Team during critical incidents.

**ATTACHMENTS:**

**ORDINANCE NO. 31, 2024**

**AN ORDINANCE APPROVING AN INTERGOVERNMENTAL AGREEMENT WITH  
SAN LUIS VALLEY EMERGENCY MEDICAL SERVICES FOR EMS SUPPORT IN  
SWAT OPERATIONS**

**WHEREAS**, the Alamosa Police Department operates a SWAT team that responds across the entire San Luis Valley to critical incidents and large-scale emergencies that can involve the need for emergency medical services as part of the response; and,

**WHEREAS**, the Police Department desires to ensure consistent and coordinated medical response in such situations, and has worked with San Luis Valley Emergency Medical Services in such situations, thereby establishing a fruitful working relationship; and

**WHEREAS**, Part 2 of Article 1, Title 29 of the Colorado Revised Statutes (the “C.R.S.”) encourages and authorizes intergovernmental agreements for the joint and cooperative provision of public services; and

**WHEREAS**, C.R.S. § 29-1-203 authorizes governments to cooperate and contract with one another to provide any function, service, or facility lawfully authorized to each and to establish a separate legal entity to do so; and

**WHEREAS**, Council considers it is in the best interest of the citizens of Alamosa to outline the responsibilities and guidelines for coordinating the efforts of the Alamosa Police Department and the San Luis Valley Emergency Medical Services in responding to critical incidents involving SWAT operations or high-risk police activities where medical support is deemed necessary;

**NOW, THEREFORE, BE IT ORDAINED** by the City Council of Alamosa as follows:

**Section 1.** Approval of Intergovernmental Agreement. The Intergovernmental Agreement attached to this Ordinance is hereby adopted and approved, and the Chief of Police is directed to execute the Agreement and accompanying documents on behalf of the City of Alamosa.

**Section 2.** General Repealer. All other acts, orders, ordinances, resolutions, or portions thereof in conflict with the sections adopted in this Ordinance, are hereby repealed to the extent of such conflict.

**Section 3.** Recording and Authentication. This ordinance, immediately upon its passage, shall be authenticated by the signatures of the Mayor and City Clerk, recorded in the City book of Ordinances kept for that purposes, and published according to law.

**Section 4.** Publication and Effective Date. This ordinance shall take effect ten (10) days after publication following final passage. Publication both before and after final passage shall be by the title of this ordinance, which Council determines constitutes a sufficient summary

of the ordinance, together with the statement that the full text of the ordinance is available for public inspection and acquisition on the City’s website and in the office of the City Clerk.

**Section 5.** Declaration of Public Interest. This ordinance is necessary to preserve the peace, health, safety, welfare, and to serve the best interest of the citizens of the City of Alamosa, Colorado.

**Section 6.** Non-Codification. The City Clerk is directed not to codify the provisions of this ordinance in the *Code of Ordinances of the City of Alamosa*.

**INTRODUCED, READ AND APPROVED** on first reading the 16th day of October, 2024, and ordered published by title and reference as provided by law with notice of a public hearing to be held for consideration of the adoption of said ordinance on the 6th day of November, 2024, at 7:00 p.m., or as soon thereafter as the matter may be heard, or on such subsequent date to which the Public hearing or Council consideration may be continued.

**APPROVED, AND ADOPTED** after public hearing the 6th day of November, 2024.

CITY OF ALAMOSA

By \_\_\_\_\_  
Ty Coleman, Mayor

ATTEST:

\_\_\_\_\_  
Holly C. Martinez, City Clerk

## **Agreement for Provision of Emergency Medical Services During SWAT Operations**

**THIS AGREEMENT** is entered into this \_\_\_ day of \_\_\_\_\_, 2024, by and between the Alamosa Police Department (APD) and Alamosa County Ambulance District/SLV Health (SLV EMS) to provide for coordinated response efforts for emergency medical services during SWAT operations:

**WHEREAS**, APD and SLV EMS each are or involve political subdivisions of the State of Colorado; and

**WHEREAS**, the constitution and statutes of the State of Colorado, as described in Article XIV, Section 18 of the Colorado State Constitution and Part 2, Article 1, Title 29 of the Colorado Revised Statutes, authorize political subdivisions to enter into contracts which may be of mutual benefit to such entities; and

**WHEREAS**, APD operates a SWAT team that responds across the entire San Luis Valley to critical incidents and large-scale emergencies that can involve the need for emergency medical services as part of the response; and,

**WHEREAS**, APD desires to ensure consistent and coordinated medical response in such situations, and has worked with SLV EMS in such situations, thereby establishing a fruitful working relationship; and

**WHEREAS**, it is in the best interest of the parties hereto and the constituencies they serve to outline the responsibilities and guidelines for coordinating their efforts in responding to critical incidents involving SWAT operations or high-risk police activities;

**NOW, THEREFORE, IT IS MUTUALLY AGREED** by and between each of the parties as follows:

### **SPECIFIC TERMS**

- 1. Purpose:** This agreement between SLV EMS and APD is to ensure coordinated response efforts for emergency medical services during SWAT operations or high-risk police activities.
- 2. Scope:** This agreement shall apply to any critical incident in the San Luis Valley to which the APD SWAT team shall have been called out, and to which SLV EMS is willing and able to provide medical support pursuant to the terms of this agreement.
- 3. Compensation:** This agreement does not contemplate compensation between the parties for fulfilling their duties under this agreement. APD performs its duties under this agreement as part of its mission. SLV EMS performs its duties under this agreement as

part of its mission. Any compensation for duties SLV EMS performs under this agreement is outside the scope of this agreement.

**4. Responsibilities of APD at each call:**

- a. Designate an incident commander to be in charge of operations at a particular incident. The incident commander is responsible for establishing a communication plan for the incident. In particular, the incident commander shall ensure that reliable communication is in place for notifying EMS in the event of injuries during a SWAT operation.
- b. Determine whether to involve SLV EMS, and, if calling out SLV EMS, the request shall be made by the Chief of Police or Captain. A request may be made in person, by email, by phone, or by radio transmission. Any request for aid hereunder shall include a statement of the nature of the incident and shall specify the location to which EMS is to be dispatched, but the amount and type of equipment and/or the number of personnel to be furnished shall be determined by SLV EMS. The request shall also identify and provide contact information for the Incident Commander in charge of deployment of such equipment and/or personnel.
- c. Ensure the safety and security of EMS personnel during active operations by, among other appropriate actions, establishing secure zones for medical intervention and a safe location for staging EMS vehicles.
- d. Communicate effectively with EMS during the planning and execution of missions.

**5. Responsibilities of SLV EMS at each call:**

- a. Upon request for assistance, SLV EMS shall, at its discretion, render such assistance as it may deem available and appropriate for such request. SLV EMS agrees to use its best efforts to respond to a request for aid by sending available units automatically and promptly to the staging area/scene/site as requested by APD.
- b. If SLV EMS determines that no assistance shall be rendered, then SLV EMS shall immediately notify APD of such decision. No party to this agreement shall be liable for declining or failing to respond to, or for withdrawing from, a request for assistance.
- c. SLV EMS shall report to the incident commander at the location to which the equipment and/or personnel is dispatched and shall be subject to the orders of such incident commander.

- d. SLV EMS shall provide medical support to injured civilians, officers, or suspects as it determines appropriate with EMS personnel on standby during the incident.
- e. SLV EMS shall provide, at a minimum, industry standard Advanced Life Support (ALS) equipment.

**6. Training and Drills:**

- a. The parties shall work together to develop and implement joint training exercises (at least 1 per year) to familiarize themselves with each other's teams and protocols.
- b. Training drills will simulate SWAT operations and EMS responses.

**7. Confidential information:** The parties acknowledge that in the course of performing duties under this agreement, each party may become privy to confidential information of the other party. On the part of APD, such information would likely include information considered "protected health information" as addressed in the Health Information Portability and Accountability Act of 1996 ("HIPAA"), and defined in 45 C.F.R. § 164.103. On the part of SLV EMS, such information would likely include confidential intelligence information and security procedures declared confidential under C.R.S. § 24-72-303, as well as information on ongoing criminal investigations, the disclosure of which could hamper the investigation. To address such confidential information, the parties agree as follows:

- a. **As to APD:** APD agrees and acknowledges that any individual's protected health information that comes within APD's custody, exposure, possession or knowledge or is created, maintained, retained, transmitted, derived, developed, compiled, prepared or used by APD in the course of or in connection with the performance of services under this agreement, is confidential and shall remain the exclusive property of SLV EMS and shall be used, disclosed, transmitted and/or maintained solely in accordance with this agreement and as required by law, as that term is defined in 45 C.F.R. § 164.103. APD agrees and acknowledges that, with respect to protected health information that comes into its possession or to which it is exposed as a function performing under this agreement, it is subject to and agrees to comply with HIPAA and all applicable guidance and regulations issued by the Secretary of Health and Human Services to implement HIPAA and all other applicable law.
- b. **As to SLV EMS:** SLV EMS agrees that with respect to any information it may obtain about ongoing APD investigations or about APD security procedures it may obtain in the course of performing its duties under this agreement, it will maintain such information in strict confidence, and shall not use or disclose such

information other than as permitted or required by this agreement or as required by law.

## **GENERAL TERMS**

1. Each party waives all claims against the other for compensation for any loss, damage, personal injury or death occurring as a consequence of the performance of this agreement.

2. This agreement may only be amended in writing, by a written agreement signed by all of the parties to this agreement.

3. This agreement is solely between the parties hereto. No third party is intended nor shall be deemed to have been given any rights or obligations by virtue of this agreement. This agreement does not and shall not be deemed to confer upon or grant to any non-party any right of emergency response or right to claim damages, to bring any lawsuit, action or other proceedings against any party to this agreement because of any breach of this agreement or because of any term, covenant, condition or agreement contained herein.

4. The term of this agreement shall commence on the effective date indicated above, and shall remain in effect until this agreement is otherwise terminated or amended.

5. Any party to this agreement may terminate its participation in this agreement, with or without cause, upon thirty (30) days written notice delivered to the other parties to this agreement.

6. This written agreement constitutes the whole agreement between the parties hereto and there are no inducements, promises, terms, conditions or obligations made or entered into by the parties other than those set out herein.

7. SLV EMS shall, during the entire term of this contract, be construed to be an independent contractor and nothing in this contract is intended, nor shall it be construed, to create an employer/employee relationship, association, joint venture relationship, trust or partnership or to allow APD to exercise discretion or control over the professional manner in which SLV EMS performs under this contract (other than SLV EMS being subject to the direction of the incident commander). SLV EMS shall be fully responsible for payment of all taxes due to state and federal governments which would be withheld from compensation if SLV EMS were a City employee. No party shall be the agent of, or have a right or power to bind, the other party without its express written consent.

8. This agreement shall be binding upon the parties hereto and their successors and assigns, and this agreement, and rights and duties contained herein, shall not be assigned or delegated by any party without prior written consent of all other parties to this agreement.

9. All parties involved have agreed that an electronic signature is acceptable in lieu of an original signature.

**IN WITNESS WHEREOF**, the Alamosa Police Department and SLV EMS, through their undersigned authorized representatives, have executed this Agreement for Provision of Emergency Medical Services during SWAT operations as indicated herein below:

## Regular Meeting Minutes

Council Chambers  
300 Hunt Avenue, Alamosa, CO  
October 16, 2024

---

**Zoom Webinar Link:** <https://us02web.zoom.us/j/85753492744>

**Dial-In Number:** +1 719 359 4580 US | **Webinar ID:** 857 5349 2744

**6:00 PM - Work Session: Skilled gaming, licenses for panhandling, and prohibiting informal camping on private property discussions**

*Prohibiting informal camping on private property discussion was not addressed during this work session and will be discussed at a later date.*

### I. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

The Regular Meeting of the Alamosa City Council was called to order on the above date by Mayor Ty Coleman at 7:00 p.m. The Pledge of Allegiance was recited.

### II. ROLL CALL

Present at roll call: Mayor Ty Coleman, Councilors Dawn Krebs, Jamie Dominguez, Liz Hensley, Jackie Vigil and Jan Vigil. Councilor Michael Carson was absent and his absence was considered an excused absence. Also Present: City Manager Heather Sanchez, City Attorney Erich Schwiesow, and Deputy City Clerk Aerial Portillo-Lawson.

### III. AGENDA APPROVAL

Councilor Jan Vigil moved, seconded by Councilor Jackie Vigil, to approve the agenda as presented. The motion carried unanimously.

### IV. CITIZEN COMMENT

Alamosa City Council welcomes your comments. Citizens wishing to speak may obtain and complete a speaker card through the City Clerk at the start of the meeting.

#### A. Audience Comments

Anne Altwarg invited council and everyone in attendance to participate in the Bicycle Rolling Walk Audit on November 12, 2024.

Christina Bolt spoke in regards to her concerns related to the new rules being proposed at St. Benedicts.

Lori Smith and Selina Maestas spoke in favor of Alamosa School District alternative school being located on Main Street.

Judy McNeilsmith spoke in regards to her concerns related to the new rules at St. Benedict.

Courtney Vigil spoke in favor of the Alamosa School District alternative school being located on Main Street.

Ruthie Brown spoke in regards to her concerns related to the new rules at St. Benedicts and provided potential ideas/alternatives for council to consider.

Dani Robben spoke in regards to her support of the Dark Sky Lighting ordinance.

Caroline Burkhardt spoke in regards to her concerns about Council transparency in regards to public comments and access to these comments, along with concern of user friendliness of the City's website.

Kimberly Rodriguez and Adrian Ramirez spoke in favor of the Alamosa School District alternative school being located on Main street.

Amanda Pearson spoke in regards to Council's decision making about Downtown Alamosa as well as her support for the Alamosa School District.

Brianna Martinez spoke in favor of the Alamosa School District alternative school being located on Main Street.

Aaron Miltenberger thanked Council for their commitment to listening to the concerns of the community as well as speaking in favor of the Alamosa School District.

Amanda Hensley, Assistant Superintendent Luis Murillo, and Superintendent Diana Jones all spoke in favor of the Alamosa School District alternative school being located on Main Street.

#### B. Follow-Up

Ms. Sanchez informed Council that she was not going to address any comments in regards to the Alamosa School District and the new rules at St. Benedicts at this time as both items will be addressed later on the agenda. She addressed the concern in regards to council transparency stating that any citizen is welcome to put in a records request through the Clerk's office and the City would look at the user friendliness of the City's website.

### **V. CEREMONIAL ITEMS**

#### A. Proclamation: National Disability Employment Awareness Month

Councilor Jan Vigil read the proclamation and Council presented it to Amy Raya and other representatives from SLV BOCES.

### **VI. CONSENT CALENDAR A**

The Consent Calendar allows multiple actions with one motion. Consent Calendar A contains routine items which have been recommended for action by staff or advisory boards. Council may remove a consent calendar item for separate consideration.

Councilor Jan Vigil moved, seconded by Councilor Hensley, to approve Consent Calendar A. The motion carried unanimously.

C.2.a. July 2024 monthly financial and expenditure reports.

C.5.a. First Reading, Ordinance No. 28-2024, renewal of IGA with the City of Monte Vista for the provision of Information Technology Services.

C.7.a. Approve Minutes of Special Meeting September 25, 2024

C.7.b. Approve Minutes of Meeting October 2, 2024

C.8.a. Receive September 2024 Monthly Reports

## VII. REGULAR BUSINESS

### B. Business Brought Forward by City Staff

#### 1. Development Services

- a. First Reading and Introduction, Ordinance No. 27-2024, an Ordinance Amending the Unified Development Code with Respect to Lighting

Ms. Rachel James provided information on two options in regards to this ordinance to Council.

Councilor Hensley moved, seconded by Councilor Krebs, to approve proposal A of Ordinance No. 27-2024 on first reading and set for a public hearing on Wednesday, November 6, 2024 at 7:00 p.m. or as soon thereafter as the matter may be heard. The motion carried unanimously.

- b. First Reading and Introduction, Ordinance No. 30-2024, an Ordinance Amending the Unified Development Code to Allow Schools in the Central Business District by Conditional Use with Certain Limitations

Ms. James provided information on this ordinance to Council.

Councilor Hensley moved, seconded by Councilor Dominguez to approve Ordinance No. 30-2024 on first reading and set for a public hearing on Wednesday, November 6, 2024 at 7:00 p.m. or as soon thereafter as the matter may be heard. The motion carried unanimously.

- c. First Reading and Introduction, Ordinance No. 29-2024, an ordinance amending section 10-28 of the *Code of Ordinances of the City of Alamosa* to eliminate the distance restriction for alternative secondary schools and online schools for any campus in the Central Business District

Ms. James provided information on this ordinance to Council.

Councilor Jan Vigil moved, seconded by Councilor Dominguez, to approve Ordinance No. 29-2024 on first reading and set for a public hearing on Wednesday, November 6, 2024 at 7:00 p.m. or as soon thereafter as the matter may be heard. The motion carried unanimously.

## **2. Finance**

- a. Second Reading and Public Hearing, Ordinance No. 24-2024, an Ordinance making the annual appropriations for fiscal year 2025.

Ms. Heather Sanchez reviewed this ordinance with Council.

Mayor Coleman opened the public hearing at 8:57 p.m. and asked for those wishing to speak on this ordinance.

David Broyles spoke in favor of the ordinance.

There being no one else wishing to speak, the hearing closed at 8:59 p.m.

Councilor Jan Vigil moved, seconded by Councilor Krebs, to finally adopt Ordinance No. 24-2024. The motion carried unanimously.

## **3. City Manager/Legal**

- a. Motion setting new rules for St. Benedict.

Ms. Sanchez provided background information to Council, which they further discussed.

Councilor Hensley moved, seconded by Councilor Krebs, to adopt the proposed new rules for St. Benedicts with the amendment to add language in regards to prostitution. The motion carried unanimously.
