VII. REGULAR BUSINESS

C. Business Brought Forward by City Staff

1. Public Works

- a. Public Hearing and Second Reading, Ordinance No. 20-2016, An Ordinance Approving Rate Increases For The Provision Of Water, Sewer, and Solid Waste Disposal Services.

Heather Brooks reviewed this ordinance with Council in detail again. It's important to remember that the City is a full-service municipality. City staff and City Council take very seriously the responsibility for professional stewardship of public funds.

As part of the financial structure of the City, the utilities are treated as an enterprise fund where the concept is that the rates and charges of the services should cover the operating expenses and capital needs. Compliance is not something that can be risked. Overall, the City has increased rates over the years to cover a majority of the operational increases. However, the rates have not kept up with capital needs and we are currently experiencing the consequences of delayed capital projects that cannot continue unaddressed without risking regulatory compliance.

Ms. Brooks gave a review of other factors that have also pushed for this change including the need to replace equipment and conversations that discussed DOLA grants and what their requirements are to receive grants. This is one of the reasons many communities budget for and conduct formal rate studies and the subsequent rate adjustments. As a result, the City released a request for proposals from qualified engineering and/or financial firms for services required to complete the City's first operational assessments and comprehensive rate studies for the water, wastewater, and solid waste division. The contract was awarded to Willdan Financial Service and this ordinance is a result of that study. Ms. Brooks also informed Council of all the times that this information has been put out to the public.

Ms. Brooks reviewed the rate structure captured in the ordinance.

Mayor Lucero opened the public hearing at 7:42 p.m. and asked for those wishing to speak on this ordinance.

Mic Davis spoke in concern to this ordinance related to the landscaping around their home.

Brian Brownell spoke requesting more information of what the rates are as he was unable to find the reports. He suggested more information on it to be available. Ms. Brooks confirmed all the information is available online and within the ordinance.

Dan McCann spoke about the needs of maintenance for landscapes and stated this is something that needs to be looked at for the future.

Ron Brink stated that education is the main thing when it comes to saving water.

Lori Smith spoke in opposition to this ordinance.

There being no one else wishing to speak, the hearing closed at 8:04 p.m.

Councilor Daniel asked Ms. Brooks to clarify the rates for the non-residential users. Ms. Brooks reviewed the rates in the presentation provided by the consultant, which are also included in this ordinance.

Councilor Daniel

Councilor Stefano moved, seconded by Councilor Daniel to finally adopt Ordinance No. 20-2016. The motion carried unanimously.

2. Finance

- a. Resolution No. 16-2016 amending Ordinance 19-2015 for the 2016 Budget also

known as the 3rd Budget Amendment.

Judy Kelloff presented information to Council. Several changes have occurred since the adoption of the budget in October 2015. The major items that are reflected in this resolution include the following:

- In the general fund, \$124,784 revenue and \$209,344 expenses
- In the enterprise fund, \$85,800 reallocation of funds. This is for delay expenditures in the sewer department to pay for emergency repairs in sewage department washer compactor.
- In the the cemetery endowment, \$8,970.02 to reallocate insurance reimbursement for Cemetery Endowment that was posted to the General Fund in 2015.
- In the employee benefit fund, \$550,000 expense due to high claims volume.

Councilor Vigil moved, seconded by Councilor Stefano to approve Resolution No. 16-2016. The motion carried unanimously.

3. City Manager/Legal

- a. First Reading, Ordinance No. 21-2016, An Ordinance Establishing A Temporary Moratorium On The Placement Of Certain Manufactured Homes Within The City Of Alamosa Other Than In Mobile Home Parks Through May 30, 2017.

Counselor Schwiesow presented information to Council. The *Alamosa Code of Ordinances* addresses "mobile homes" in Chapter 12, and prohibits them anywhere in the City other than in mobile home parks in Section 12-16, but nowhere defines a "mobile home." The term "mobile home" is often used interchangeably with the term "modular home" or "manufactured home" in common parlance, creating confusion with the Code. Colorado Statute prohibits municipalities from having or enacting zoning regulations which exclude or have the effect of excluding manufactured homes from the municipality if such homes meet or exceed, on an equivalent performance engineering basis, standards established in the municipal building code.

The *Code of Ordinances* does not provide guidelines or regulations for the standards to be applied for the placement of manufactured homes within the City of Alamosa other than in mobile home parks. The City is in the process of reviewing and revising its zoning code, and intends to consider the appropriateness of manufactured housing as part of that process. The moratorium will not affect placement of manufactured homes certified to meet the standards established by the municipal building code, but will allow the City to consider the appropriateness of other forms of manufactured housing in the City and consider appropriate regulations governing the placement of such housing.

Councilor Daniel moved, seconded by Councilor Stefano to approve Ordinance No. 21-2016 on first reading.

Councilor Daniel amended her motion, seconded by Councilor Stefano to approve Ordinance No. 21-2016 on first reading and setting for a public hearing thereon on Wednesday, December 21, 2016 at 7:00 p.m. or as soon thereafter as the matter may be heard. The motion carried unanimously.

b. Update on Public Art Program

Heather Brooks presented information to Council. This was first introduced to Council back in October 2015 and a line item was created in the 2016 Budget to create a public art program. Council agreed to this and \$20,000 was placed in the 2016 budget. Council also agreed to continue this into the 2017 budget. At the retreat in May, Council further discussed what the public art program would look like. Ms. Brooks gave an overview of what this program would look like.

The general concept presented to Council was the City would not buy the art, but would do call for artists, show their work for a year and then rotate it out. Since that time, there has been an art committee created and as of today, the first call for entries for artists was issued. This year's budget will include purchases for ten pedestals being built.

Ms. Brooks advised Council of upcoming dates related to the art program: January 30th is when applications are due, February 15th is when artists are notified if selected; and June 3rd is when installation and unveiling will occur.

D. Committee Reports

None.

COUNCIL COMMUNICATION

DATE December 7, 2016	AGENDA NO.C. 8. a	SUBJECT: IT Director Monthly Report for November 2016
 Department Head:		
City Manager:		
PRESENTED BY: James A. Belknap		

Below is a statement regarding major issues covered by the City IT Department:

November 2016 Report

- Attended a several meetings with SLVREC regarding possible routes and interconnectivity within the City of Alamosa.
- Met with Kevin Wilkins regarding the direction of the SLV Local Technology Planning Team.
- Met with the new regional account representative from Digital Ally to discuss issues with the Digital Ally body cam and car camera systems.
- At 11:30 PM on Friday November 18, 2016, IT received an automated report that the entire Police Departments RMS (Record Management System) was non responsive. Upon further examination, it was determined to be the entire Police Department's virtual infrastructure had failed; all Mobile Data Units, VPN services and MVR Services were down. By 11:33 PM our redundant systems kicked in and the entire Police Department was back online. This outage could have lasted for weeks if not for the redundant virtualized server system in place. Our server was under warranty and was repaired by Dell, meanwhile our redundant systems kept the Police Department fully functional.
- Worked with the DA's office and Xerox to install a virtual server that enables the Police Department to participate in the DA's E-discovery program.
- Attended the LTPT (Local Technology Planning Team) meeting regarding the Broadband Planning Study
- Worked with the Senior Center and Valley Lock to identify a camera system to meet their needs.
- Updated our Windows Updates Services Server to the latest 2016 version, this new server immediately identified over 116,000 needed updates throughout the City of Alamosa. We then proceeded to review and release all 116,000 updates to our computer systems.
- Redesigned the Alamosa Library Website to mirror the City's layout.
- Worked with WSB about Extron system: Screen fuzziness may be caused by a physical issue with the Extron system (per WSB investigation). They recommended a different company to contact for support.
- Sent out monthly Phishing and Virus reports to all network users.

- Reviewed the security logs created by the Security Audit system. The system allows IT to review potential physical security breach attempts of the entire network in one comprehensive location.
- Patched all City owned computers to the latest patch and vulnerability fixes from Microsoft. This monthly patching helps protect our computers from malicious software, resolve general windows issues/bugs, and provide access to new windows features.

In Monte Vista, we performed the following items:

- Worked with SLVREC to install and Configure a Fiber network system to the Fleet location and the Sewer Treatment Plant. With these locations on the City's fiber network we are able to share all of the network resources including, file locations, programs such as Caselle, internet access, Anti-virus services, update services and more.
- Attended the monthly Management Team meeting.
- Worked with the City Manager and the Finance Director to identify restricted use seizure funds within the Police Department that could be utilized to purchase a server and software needed to store the Police Department body cam videos. Once the funds were identified for the project, we proceeded to research and identify what equipment and software would be needed to accomplish this task.
- Worked with Valley Lock to wire the Kids Connection location with network and telephone services. Additionally we wired the fire alarm system.
- Repurposed a laptop from the Police Department to run the lock system at Kids Connection.
- Reprogrammed the City firewall to remove any services left by the previous vendor and updated the firewall to the latest firmware.
- Setup an FTP system to allow our police Records Management System (RMS) to interact with our Court software. This system will eventually allow the direct import from RMS to the Court software (Caselle) of citations.
- Worked with the DA's office and Xerox to establish the E-Discovery system for the City of Monte Vista.
- Worked with the Police Department to reprogram their storage garage entry doors, and identify their future auction needs.
- Recorded the City Council meeting of 11/3/16 and placed the recording on YouTube.
- Recorded the City Council meeting of 11/17/16 and placed the recording on YouTube.
- Sent out monthly Phishing and Virus reports to all network users.

Children's Services Monthly Report

November, 2016

NOVEMBER OVERVIEW: This November was fairly quiet. We started out by displaying Native American Heritage information and books. After the 8th, I posted our election results as well – it's kind of hilarious, see photos below. My big project at the end of this month was physically creating our new Family Resource Center space. I think it turned out great! See pictures below.

- ✓ **Storytime Fridays** – Even with being closed for a couple of Fridays this month, our numbers stayed up.

TOTAL LIBRARY VISITS FOR CHILDREN'S SERVICES IN NOVEMBER, 2016: 99

- ✓ **Featured Author:** .K. Rowling "We do not need magic to transform our world." Born in Yate, England, on July 31, 1965, J.K. Rowling came from humble economic means before writing Harry Potter and the Sorcerer's Stone, a children's fantasy novel. The work was an international hit and Rowling wrote six more books in the series, which sold hundreds of millions of copies and was adapted into a blockbuster film franchise. In 2012, Rowling released the novel The Casual Vacancy. "We carry all of the power we need inside ourselves already."
- ✓ **Family Resource Center:** This new space lives right across the aisle from the kid's area, next to where I do the Special Interest Displays. It houses all our Education books as well as many NF titles from the adult section and some from the kid's section out of topic areas such as parenting, sexual development, family health, cooking for families, etc. I hope to do an event formally unveiling this space.

- ✓ **Partnerships:**
 - StoryWalk – Alamosa Literacy Council members will be changing the StoryWalk story from "One" by Otoshi to "A Snowy Day" by Ezra Jack Keats on Saturday, December 3 at 11 a.m. We will have a special event later in the month.
- ✓ **Special Interest Display:**
 - November is Native American Heritage month. We had a patron ask if we were doing special events like lectures or presentations about Native history.
 - Election Results – see photos
 - See photos of the map and other information displayed in the Teen Lounge for Native American Heritage month.

ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

Subject/Title:

Second Reading and Public Hearing, Ordinance No. 21-2016, An Ordinance Establishing A Temporary Moratorium On The Placement Of Certain Manufactured Homes Within The City Of Alamosa Other Than In Mobile Home Parks Through May 30, 2017.

Recommended Action:

It is the recommendation of staff to adopt alternative 1, adopting the Ordinance.

Background:

The Alamosa *Code of Ordinances* addresses “mobile homes” in Chapter 12, and prohibits them anywhere in the City other than in mobile home parks in Section 12-16, but nowhere defines a “mobile home. The term “mobile home” is often used interchangeably with the term “modular home” or “manufactured home” in common parlance, creating confusion within the Code. This confusion has recently manifested because the City has received a small number of applications for the placement of manufactured homes that appear to be equivalent to some homes already existing in the City, but that do not have certifications from the manufacturer certifying compliance with the City’s building code, in particular the International Residential Code, 2009 Edition, and the International Energy Conservation Code, 2009 Edition.

Colorado Statute prohibits municipalities from having or enacting zoning regulations which exclude or have the effect of excluding manufactured homes from the municipality if such homes meet or exceed, on an equivalent performance engineering basis, standards established by the municipal building code. C.R.S. § 31-23-301(5)(b). The *Code of Ordinances* does not provide guidelines or regulations for the standards to be applied for the placement of manufactured homes within the City of Alamosa other than in mobile home parks. Such guidelines or regulations would be helpful for governing the orderly processing of applications for placement of manufactured housing within the City of Alamosa in locations other than mobile home parks.

The City is in the process of reviewing and revising its zoning code, and intends to consider the appropriateness of manufactured housing as part of that process. The moratorium will not affect placement of manufactured homes certified to meet the standards established by the municipal building code, but will allow the City time to consider the appropriateness of other forms of manufactured housing in the City and consider appropriate regulations governing the placement of such housing.

Issue Before the Council:

Does Council wish to establish a temporary moratorium on the placement of manufactured housing not meeting the IRC in other than mobile home parks, to be effective until April 1, 2017?

Alternatives:

Alternative 1: Adopt the proposed ordinance creating the temporary moratorium expiring May 30, 2017.

Alternative 2: Adopt the proposed ordinance with a different expiration date.

Alternative 3: Decline to adopt the proposed ordinance, and give staff further direction.

Fiscal Impact:

Staff does not anticipate any fiscal impact as a result of this ordinance.

Legal Opinion:

The City Attorney will be present for any questions.

Conclusion:

This temporary moratorium will allow the City to consider appropriate changes to the development code, which is already under review, to clarify the conditions under which manufactured homes may be placed in the City of Alamosa.
