I. Roll Call

Present: John Adams, Heather Brooks, Jon Brownell, Ty Coleman, Martin Diaz, Charlie Griego, Rusty Johnson, Jesse Marchildon, Brian Puccerella, John Reesor. Staff: Andy Rice and Jes Jolly. Absent: Paul Duarte.

a. Introduction of New Members

The board introduced themselves and what they do in the community.

II. Agenda Approval

Heather moved to approve the agenda, seconded by Rusty; vote was unanimous.

III. Approval of Minutes

Heather moved to approve the minutes from May, seconded by John A.; vote was unanimous.

IV. Public Comment (none)

V. Presentations (none)

VI. Programs/Items

a. KaBOOM! Lee Field Playground Naming Proposal (Peyton Sanchez)

Andy presented the board with new park design and pointed out wheel chair accessibility features. Partnering with Colorado Health, Kiwanis, and the City, the project valued at \$80,000 only cost the city an \$8,500 match. Andy suggested naming the park after Peyton Sanchez, who was diagnosed with neurofibromatosis. In accordance with city policy, facilities may be named for living persons “when the individual has made an unusually outstanding public service contribution.” Peyton has worked to raise money, not for himself, but for other people. Heather mentioned that he also had a role in designing the park and Andy confirmed that his input was in on it as well as ideas from other kids. Rusty asked if it had to be a specific name and Andy expressed that would help when taking it to council. Heather liked “Peyton’s Playground” and Rusty voiced that it fits with the project. Charlie mentioned that Peyton’s dad is a good person and sits on the school board. John A. suggested that they should incorporate his lemonade stand into the name and Brian asked if there was a difference between “Playground” and “Play place” in terms of a name. Rusty asked when it would go to council and Heather said June 27th. Heather motioned to name the playground after Peyton in some way and John A. seconded. Jon suggested playing with the name and Heather maintained they could change or rename it up until the night before the council meeting. Rusty asked if the family had a preference and Andy

relayed they didn't mind either way. The board unanimous voted to move with the motion awaiting a final name.

VII. Policy Discussion (none)

VIII. Staff Report/Announcements

a. 2018 5 year Capital Improvement Plan (CIP) Updated

Andy went over the CIP and the final decisions of a Fairway Mower for the Golf Course in 2021, a parks mower in 2022, and a used Zamboni and rough mower for the golf course in 2023. The central irrigation project will include automation to remotely control the water. The tennis court resurfacing is routine maintenance that must be done every 5-7 years and they are looking to partner with someone for a mobile performance stage in 2021. As for the current projects, this year funds will be used to replace the rec center boiler, Montana Azul Park, replace gym lights with LEDs, the Lee Field playground, and replace the walking track. Heather added that they will apply for grants where they can and ultimately move items up. Colorado Health has contributed to one of the playgrounds at Montana Azul Park with a \$94,000 city match in kind.

b. Continuing Youth Sports Discussions

i. Programs Survey Update

Jes noted that there are now 33 responses to the survey and they will be analyzing it by the next meeting in August. Charlie asked how it was circulated and Jes disclosed it was on paper at the Rec Center and online through survey monkey. It was also sent out through the center's eblast. Andy estimated that it would take a year to process everything, especially after courses concluded.

ii. Youth Sport Calendar

Jes presented the board with a sport calendar that emphasized youth sports, adult sports, and programs that partner with the city. Andy conveyed that by combining some sports dates (like fall soccer and flag football) parents would have to be more selective. This also allows breaks for staff planning. Jes affirmed that they would be discussing fall/winter program planning this week. Spring soccer will now be shortened to a 4 week course and fall soccer which is typically 6 weeks will go up to 8; more for practices than scheduled games. Charlie asked if there was a way to monitor participation from the Conejos teams and Andy reported that it can be seen in the registration software. Jon verbalized that the change was reasonable and Heather agreed that shortening it was better than having people perceive that it was being taken away. Brian asked if the change was based on the weather and Jes answered that it contributes to it but also having to condense sports and overlapping programs. Jes noted that she added the adult sports to the calendar because the same person

manages everything. Heather added that the outdoor rec staff could help with some of it next year.

c. Outdoor Rec Specialist Hire

John R. will be forming a High School Outdoor Rec Club, working on the Weekends on the Rio, partnering with the Boys and Girls Club, utilizing the oxbow trails, and taking over the Rio Frio 5k during the Ice Fest. Heather pointed out the first 3 years of this position is funded with the Inspire Grant, then the city will assume it. Andy reported that a couple hundred on average participate in the Weekends on the Rio and Brian from ASAP helps supply the equipment for paddle boarding. Andy asked if they would be charged for the usage and John R. confirmed that it was included in the grant. Weekends on the Rio consists of Paddle boarding, yoga, disc golf, guided walks, biking, storytime for kids, and more. Sundays at 6 through ALMA will take place after the activities. Charlie asked if they advertised these dates and Andy stated they will own the weekendsontherio.com and will advertise on alamosarec.org. Heather asked if they would do a press release and John R. said yes. Heather asked if they could also go through direct email and Andy revealed that they already went out.

d. Misc. Project/Grant Updates

i. KaBOOM! At Friends Park

Andy noted that there will be another KaBOOM! project at Friends Park through the Boys and Girls Club. Their design day will be on July 13th. Since Friends Park is a city park, the city will be partnering for a build day on August 11th. Heather disclosed the director of the B&G Club, Aaron Miltenberger, is trying to time the announcements and meetings with ours, so people won't be confused as to what project they are signing up for. We'll help promote it and Colorado Health will also be funding their project. In addition, Colorado Health will give \$300,000 to the Farm Park for a new play area. Jesse mentioned they will build a tree house, zip line, an area for sledding, and water features for educational purposes. Heather announced that Colorado Health has adopted Alamosa as one of 4 communities in the state to help advance. Andy conveyed that the current playground at Friends Park is geared towards 3-5 year olds and they would be adding equipment for older kids while keeping the older playground. Brian asked what they planned on doing with the bike track and Andy delivered they initially wanted to eliminate it, but GOCO requires that they keep it up and open for 25 years. Brian mentioned if they did plan on eliminating it, they can move the dirt to Cole Park to make a bigger pump track.

ii. Montana Azul Park Update

Public Works is working with an engineer to put in a system to move the water instead of letting it sit underneath the new landscape. Andy reported that it would cost between \$50,000-\$100,000, which would come from the enterprise fund. He is now working to push the \$95,000 grant for the second playground to next year. The park will not have a lot of grass, only on the soccer field and will have elevated trails. Hopefully, they will have an update at the next meeting. Charlie asked what involvement the developer has and Heather said none. They already collected public dedication from previous meetings and did a public outreach with the neighboring community.

e. Golf Course Update

Andy announced that Woody's Q Shack is in negotiations for a sub-lease at the golf course. Heather revealed that they wanted to take down a partition to make it a more open space and since there is no structural need, they got the approval. She also noted that the city has taken over the accounting for the course and will be taking over payroll on July 1st. Jon asked about any cosmetic changes and Heather expressed that they would be responsible for the cost. Andy mentioned that the back 9 was in rough shape and Charlie suggested over seeding it but Andy stated they were constrained by their budget. Charlie pointed out that the course is a city park and any long-term damages would fall on the city. Heather asked Andy to let the board know if they are not being aggressive with the maintenance.

f. Program Activity Update

Jes summarized the youth and adult programs, going over the participant numbers and upcoming events. Charlie asked if kids would need to sign up on site for the Youth Fishing Day and she said yes. He also asked if they could keep the fish and she maintained that it would have to be catch and release. Charlie asked about the youth rocketry program and Jes confirmed that it usually takes place in the spring that it depends on the instructor availability. Heather asked about Matt and Jes answered that he used to instruct, but now he has others come in to run the classes. Andy added that the Carnival did 3 times better at Cole Park this year and we made \$3,200 from their sales. He also pointed out that the 4th of July Firework show is not looking good with the stage 1 ban. They are watching the weather and hopefully it will just be delayed. Charlie noted that there is also a ban on selling fireworks in the city and Rusty added that even though the weather may help, the sales wouldn't open in time. Heather asserted that there is more control when it is presented by the city and they would need more than a couple of days to decide to move forward. Andy updated the board on the noxious weeds; the parks dept. has begun mapping this year and will be able to show progress after some time. Heather affirmed that staff will work on city property, as well as, watching private

properties and making sure they are maintained. Jon suggested that law enforcement adapt to an automatic process to keep private properties maintained.

IX. Board Comment

Andy announced that they added 5 miles of trail on the oxbow and the Blanca Vista Dog Park is ready to go; both locations are waiting on signage before they can have a proper ribbon cutting ceremony. T-Pads were also added to the Disc Golf Course, now all the starting points are paved.

VII. LOCAL LIQUOR LICENSING AUTHORITY ACTIONS

A. Needs and Desires Hearing on the application of Pester Marketing Company d/b/a Alta #3501

The applicant of this license is Pester Marketing d/b/a Alta Convenience #3501. The representatives present of this license were Denise Dirkse, Maria Esquer, and Lenny Rangel for Pester Marketing. Also present to present the findings of the petitions was Max Scott of Oedipus.

Counselor Schwiesow gave an overview of the hearing procedure, and the licensee's obligation to affirmatively prove the needs of the neighborhood and the desires of the adult inhabitants of the neighborhood. The City's presumptive neighborhood is the city limits plus a one-mile radius. No request has been made to consider different boundaries, so this neighborhood will apply to this hearing.

City Clerk Holly Martinez presented information related to the application of this liquor license including the following: the application is for 3213 Main Street, the licensed premise is proposed by the entirety of the interior of the structure at the said address, the license met all requirements of the application and is eligible to be licensed. The property of proposed license was posted to inform the public of the public hearing on July 2, 2018 and the legal notice was

published in the Valley Courier on August 1, 2018.

Dennis Dirkse, the Vice President of Operations for Pester Marketing d/b/a Alta Convenience, presented the following information to Council:

- They are applying for a 3.2% Beer Off Premise license
- Mr. Dirkse has been in the convenient store business for 32 years and has been in the position to sell alcohol for several of those years.
- In his current position as Vice President of Operations, he oversees 109 stores and 715 employees.
- They currently have over 40 licenses and in the last four years have had zero violations.
- They have read the Colorado Beer Code and are familiar with the rules and regulations of such and provided some of those details.

Mr. Dirkse also provided information about the outlet store operations including that it is open from 5 a.m. to 10 p.m., seven days a week. The store currently has 5 employees and the location of the beer in the store would be where it can be viewed from the register area. The next available TIPS class in Alamosa will be mandatory for all employees but they also have their own employee training program that employees are trained on the techniques of alcohol and tobacco sales. They are a member of the BARS program as well. He also informed Council that if there is ever an employee who sells to an underage person, they are immediately terminated.

Max Scott of Opedius spoke next and provided information related to the surveys conducted to provide for the evidence of the needs and desires of the neighborhood. Mr. Scott provided the following information:

- The petitions are address to parties and interests (business owners or managers, or residents of the defined neighborhood) and are then screened to make sure they are 21 to relate to the legal age of sale/consumption.
- Just above the signature, there are two statements, one for and one against and just above the signature line it explains why the survey is being conducted.
- There is also a statement that states if you've been unduly influenced to contact the Clerk.
- When the survey is presented, they were told what it was about and then they can sign for or against. They execute signature on petition and can write the reason down for what they want.
- There are two business petitions and two residential petitions. In each petition, there is a City map that shows where the petitions were circulated.
- Opedius provided a report of the survey results which also included.
 - 33 Businesses favoring and 7 against.
 - 132 Residences favoring and 18 against.
 - When people write in reasons, they were usually opposed and provided the following reasons that state:
 - 7 No need
 - 4 Abhorrence of Alcohol
 - 5 Usage Objections
 - 1 Miscellaneous Reasons
 - 8 No Reason Givens
- Based on the survey results, it is 87% favoring the issuance of the license. If subtract out the desire reasons only, the survey result goes to 96%.
- Both survey categories show a needs and desires and argue that the license should be issued, with the margin of error being 2.6%.

Counselor Schwiesow stated the poster that was posted on the property is entered as Exhibit 1 and the survey and petitions will be entered as Exhibit 2. Counselor Schwiesow opened the public hearing portion of this application at 7:40 p.m.

Councilor Broyles asked the applicant to describe the process of how the survey was conducted. Mr. Scott stated that they have employees that have been trained to know how to conduct the survey. After the neighborhood was defined, then they assigned areas to circulate throughout the city and the circulators went into those areas and would need to have some many completions. Once it is completed, it goes through a 2-step editing process to ensure the integrity of the signatures and prepare the report. The areas circulated were chosen to be a geographical representation throughout the neighborhood.

After these comments, Counselor Schwiesow opened the floor up to anyone in the audience wishing to speak for or against this application.

Darrell Cooper spoke in question to if there is a need to issue another license in this area as there is already Wal-Mart nearby and BeerKeg Depot who both sell packaged liquor.

Mr. Dennis Dirkse spoke stating that there are a lot of out of town people who stop and ask for beer. They have not just the community but also a lot of people who travel through that do show that they want this license there.

Councilor Broyles asked again how many stores Mr. Dirkse managed. Mr. Dirkse confirmed he had 109 stores with 40 of them having a liquor license.

There being no one else wishing to speak, the hearing closed at 7:58 p.m.

Councilor Vigil asked Ms. Martinez to remind him of what a 3.2 beer off-premise license meant. Ms. Martinez confirmed that this meant the beer that is not full strength and off-premise means they can buy the liquor and consume it off-premise; they cannot consume on premise. Ms. Martinez also informed Council that as of January 1, 2019, the law changes to where 3.2 license change to Fermented Malt Beverage which means they can sell full strength beer.

Councilor Broyles reminded Council that there are 41 licenses and for a city of 10,000, that's a lot and he worries about the youth having access to alcohol.

Councilor Hensley stated that she was concerned with the idea of the switch as of January 1, 2019 and was concerned with the competition. However, she was impressed with the research done and they were able to see who was for and who was against the license and that it's been posted and if any of the competition was concerned, they would have been there at the hearing tonight.

Counselor Schwiesow reminded Council that their decision is based on what is presented at the hearing tonight.

Councilor Griego stated his commendation of the management of this organization.

Councilor Daniel stated her appreciation of the presentation and also for the TIPS information training that they do and the policies they have in place already.

Councilor Carson stated that he agreed that the applicants did a great presentation, however, he still has a hard time agreeing to another liquor license in the city.

Councilor Hensley moved, seconded by Councilor Carson to approve the license for Pester Marketing. The motion carried 5 to 2 with Councilor Broyles and Councilor Carson casting the no votes. Counselor Schwiesow will prepare written findings to be presented at the next City Council meeting.

COUNCIL COMMENT

Councilor Daniel reported on the Revitalize the Rio committee meeting that she attended today. She also apologized for not being able to make it to the KaBoom! project this past weekend and also let Council know she would be attending the next meeting via Zoom and asked if there was a timeline of when the Council Policy manual would be adopted.

Councilor Vigil thanked Andy and his staff for getting a sign out at Peyton's Play Ball! park. He also reiterated the thanks to the football team at Adams State for their help at the playground build and requested a thank you card to be sent.

EXECUTIVE SESSIONS

1. Executive session pursuant to C.R.S. §§ 24-6-402(4)(b) and (4)(e) to receive legal advice from the City Attorney concerning the interpretation of the Peoples' Place annexation agreement and to instruct negotiators concerning annexation fees relating to Peoples' Place.

Councilor Vigil moved, seconded by Councilor Daniel to enter into Executive Session (8:11 p.m.) pursuant to C.R.S. §24-6-402(4)(b) and (4)(e) to receive legal advice from the City Attorney concerning the interpretation of the People's Place annexation agreement and to instruct negotiators concerning annexation fees relating to People's Place. The motion carried unanimously.

After the executive session, there will be no further business discussed.

ADJOURNMENT

The meeting adjourned immediately after the executive session.

ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

Subject/Title:

Resolution No. 14-2018 Adopting a fee schedule for building permit

Recommended Action:

Adopt Resolution No. 14-2018, adopting a fee schedule for building permits, inspections, and plan review.

Background:

In November of 2003, the City of Alamosa adopted a Building Permit fee schedule, which we still use in 2018; there have been no changes in building permit fees since then. Staff is not recommending to increase the fees of building permits, but would like to adopt the use of the Building Valuation Table issued by the International Code Council. The table is offered as an aid to Building Officials to determine "average" construction cost based on typical construction. This offers a square foot construction cost that presents factors that reflect relative value of one construction classification/occupancy group to another, so that more expensive construction is assessed higher permit fees than less expensive construction.

Staff put together a table of comparisons in the "Cost Comparison" tab of the attached Excel Workbook titled "Building Valuation." Note that the cost comparisons will be slightly off, because the 2015 ICC Table (tab 1 of the Building Valuation Workbook) was used as a basis (ICC comes out with a new table at least annually). For example, using 2015 numbers, the average square foot price of a (R-2) single family dwelling VB construction is \$102.41 vs a (I-2) Hospital IIB construction \$287.50 or A-2 Restaurant VB \$131.99. Using the supplied construction cost for a use and multiplying it time the square footage of the construction gives a fair and equal valuation to the project. An example illustrates how this works:

Based on 2000SF Structure

Single family dwelling- \$102.41 X 2000SF = \$204,820 Valuation of structure	Permit cost \$1,007.00
Hospital- \$287.50 X 2000SF = \$575,000 Valuation of structure	Permit cost \$2,264.50
Restaurant- \$131.99 X 2000SF = \$263,980 Valuation of structure	Permit cost \$1,213.50

A majority of municipalities use the table (including Alamosa County) to offer a fair valuation to a home owner who is building his/her own home as well as a developer who is building multiple homes, each being treated equally. Use of the table allows staff to be able to remove themselves from having to second guess valuations provided by developers and ensure a much more straightforward interaction. Resolution No. 14-2018 does not change the fees assessed to each value increment. This means that, apart from standardizing the values assigned, the amount of fees charged will remain unchanged from 2003. Alamosa's fees are well below those charged by the County, and well below the norm for the state, based on staff's informal review of permit fees charged by other jurisdictions.

The table is a national average, and can be adjusted for regional cost differences. The International Code Council does not publish regional cost modifiers. The regional cost modifiers published by Design Cost Data magazine for 2018 show a regional cost modifier for Colorado of

1.03. Staff does not consider it necessary to adjust the Table with a regional cost modifier.

The recommended changes to the Fee Schedule are listed below, and are shown under Tab 3 (Amendments) of the attached Excel Workbook:

Outside consulting for plan review and inspection: none
changed to: Actual Cost
Additional plan review required by changes: \$30per hr
changed to: \$50per hr
Demolition permit: no policy
changed to: \$15, and must have approved State permit.
Re-inspection Fee: \$30per hr
changed to: \$50per hr
Inspections outside of normal business hrs: \$30per hr
changed to: \$50per hr
Permit refunds only if no inspections have occurred: no policy
changed to: \$80%
Permit renewal/Extension: no policy
changed to: 50% of original permit fee and limited to 90 days, one time only
Permit replacement: none
changed to \$10
Photovoltaic: Residential (ground/roof mount): no policy
changed to: \$100
Temporary Cert of Occupancy: no policy
changed to \$200/50% refund after CO
Fine: Roofing/Building without permit: no policy
changed to: 200% of original permit fee
Fine: Occupancy W/O Cert of Occupancy: no policy
changed to 200% of original permit fee

Issue Before the Council:

Does Council wish to revise the permit fee schedule by basing it upon a nationally published table of construction costs rather than individual contractors' estimates and adopt the other changes to the fee and fine schedule set forth in Resolution No. 14-2018?

Alternatives:

- 1) Adopt Resolution No. 14-2018 as presented.
- 2) Adopt Resolution No. 14-2018 with changes, such as
 - a) The amount charged at each value interval for a permit or fee (increase or decrease)
 - b) Adding in a regional cost modifier to the Square Foot Construction Cost Table.
- 3) Decline to Adopt Resolution 14-2018 and remain with the building permit fee schedule established by Resolution No. 7-2012.

Fiscal Impact:

Staff expects revenue from permits and inspection fees to increase slightly by adoption of the

standardized valuations as a basis for calculating fees. Staff does not expect overall revenue from permits and fees to increase by more than 10% (no more than \$6,000 to \$7,000). Revenue from permits and inspection fees will remain insufficient to make the building department self-funding.

Legal Opinion:

The City Attorney will be available at the meeting for comment

Conclusion:

Resolution 14-2018 applies a standardized uniform method of calculating building value as the basis for assessing permit fees, thereby making the fee process more predictable and equitable among developers.

RESOLUTION NO. 14-2018

A RESOLUTION SETTING BUILDING PERMIT, INSPECTION, AND PLAN REVIEW FEES

WHEREAS, Pursuant to Section 4-22 of the *Code of Ordinances of the City of Alamosa*, Council establishes a schedule of fees for building permits by resolution from time to time; and

WHEREAS, Council has recently adopted the 2015 series of International Codes governing building and construction in Alamosa; and

WHEREAS, fees for building permit, inspection, and plan review partially offset the costs of providing such services; and

WHEREAS, fees were last adjusted in 2012, through Resolution No. 7-2012; and

WHEREAS, permit fees are currently based on contractor estimates of the value of the construction being permitted, and experience has shown that fairness and predictability of fees will be better served by adopting the International Code Council's Square Foot Construction Cost Table as the basis for establishing value of the construction for purposes of determining the fee; and

WHEREAS, Council has specifically considered adoption of a regional cost modifier to the national numbers set forth in the Construction Cost Table, but has determined that it is not necessary to adopt any regional cost modifier; and

WHEREAS, Council does not currently see a need to adjust the building fee schedule itself, but does see a need to change the basis for the calculation of fees from contractor's estimate to the standard amount as set forth in the International Code Council's Square foot construction cost table; and

WHEREAS, Council desires to adjust certain other fees and to implement provisions concerning refunds and concerning other fees not addressed in Resolution No. 7-2012;

NOW, THEREFORE, BE IT HEREBY RESOLVED, by the City Council of the City of Alamosa, Colorado that Resolution No. 7-2012 is repealed and replaced with this Resolution No. 14-2018, providing that the building permit, inspection, and plan review fees set forth in the attached Schedule of Fees A and B shall apply within the City of Alamosa, with the Permit Valuation to be derived from the most current version of the Square Foot Construction Cost Table published by the International Code Council, with no regional cost modifier applied.

This Resolution shall become effective immediately upon its adoption.

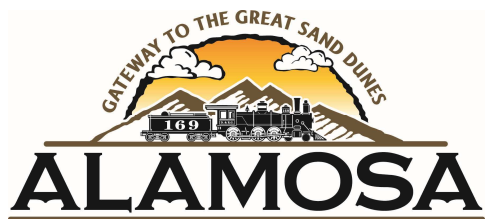

APPROVED, PASSED AND ADOPTED this 5th day of September, 2018.

ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

Subject/Title:

Second Reading and public hearing, Ordinance No. 24-2018 Adoption of the 2015 International Code Family

Recommended Action:

That Council conduct a public hearing, and, unless information to the contrary is presented, adopt Ordinance No. 24-2018 adopting the 2015 International Residential, Building, Mechanical, Energy, Property Maintenance and Fire Codes.

Background:

On August 1, 2007 the City changed from the UBC Codes and adopted the International Family of Codes: Building, Residential, Mechanical, Property Maintenance and Fire Codes. In 2011, the City adopted the 2009 versions of the International Codes, along with the 2009 International Energy Conservation Code, which is what we currently enforce. It is a common practice for smaller jurisdictions to adopt newer versions of building codes every 2 or 3 code cycles (6-9 years). Following this practice helps keep the financial impact to a minimum, allowing contractors and home owners time to get comfortable with the adopted code and time for Developers to plan accordingly.

Every 5 years the City gets audited by the ISO (Insurance Services Office). They look at what version of Code we are on and our daily practices and enforcement. Adopting current versions of the building code is one of the requirements of the ISO rating agency. They assess the compiled information and issue a community rating, and that rating is issued to insurance companies to use when establishing policies for home owners. Adopting a more current version of Codes will help the City to maintain a higher rating and keep the community insurance rates lower for the citizens.

Staff's recommendation is to adopt the Codes as submitted, with a few changes to the codes, only one of which is substantive. The substantive change is the requirement of (R313) Automatic Fire Sprinkler Systems in Townhouses, one, and two family dwellings. A residential sprinkler system has the additional cost of plumbing, boost pumping, permitting and inspection, backflow preventers, and flood alarm, which can result in an upfront cost of several thousand dollars. The cost can grow when the system becomes tied to a monitored fire alarm system. The concern of the upfront cost, as well as the recurring cost of inspection and maintenance in our community will have an impact on development. There is also fear that the system can fail within the home (i.e. frozen pipes) or that the system will be activated inadvertently (i.e. kids throwing balls within the home) resulting in water damage. Some feel that the requirement is being pushed by those who would stand to gain from its adoption, such as those in the fire protection industry, sprinkler system component manufacturers and plumbers.

Issue Before the Council:

Does Council wish to adopt Ordinance No. 24-2018?

Alternatives:

- (1) Council may adopt the Ordinance as presented
- (2) Council can modify the codes and then adopt them
- (3) Council can decline to adopt the 2015 family of codes and provide further direction to staff.

Fiscal Impact:

none

Legal Opinion:

The City Attorney will be present for comment

Conclusion:

This action will ensure that buildings in the city will be built to current standards of integrity, safety, and energy conservation.

▣	Ordinance 24-2018, Adoption of 2015 International Codes	Ordinance

ORDINANCE NO. 24- 2018

AN ORDINANCE FOR THE REGULATION OF BUILDING CONSTRUCTION; NUISANCE AND PROPERTY MAINTENANCE; AND FIRE PREVENTION AND CONTROL, ADOPTING BY REFERENCE THE 2015 EDITIONS OF THE “INTERNATIONAL RESIDENTIAL CODE;” “INTERNATIONAL BUILDING CODE;” “INTERNATIONAL MECHANICAL CODE;” “INTERNATIONAL PROPERTY MAINTENANCE CODE;” AND “INTERNATIONAL FIRE CODE” PUBLISHED BY THE INTERNATIONAL CODE COUNCIL, AND MODIFYING THE PENALTIES SET FORTH FOR VIOLATION THEREOF.

WHEREAS, the City of Alamosa has previously adopted 2009 editions of uniform codes published by the International Code Council that regulate matters concerning building construction standards, property maintenance standards, and fire protection standards, and said codes have been updated and replaced with codes encompassing the generally accepted, uniform methods of regulating such matters; and

WHEREAS, the City Council of the City of Alamosa, Colorado, deems it to be in the best interest of its citizens to adopt more current versions of adopted codes, specifically the 2015 versions of the various *Codes* (the 2018 versions have not been in place long enough to have experience with how their provisions interact with Alamosa’s specific circumstances), except the 2015 edition of the *International Energy Conservation Code*, compliance with which the City deems too expensive to require of its residents;

WHEREAS, it is desirable to provide a system regulating nuisance and property maintenance consistent with state law and generally conforming to similar regulations throughout the state and the nation; and

NOW, THEREFORE, BE IT HEREBY ORDAINED by the City Council of the City of Alamosa, Colorado:

Section 1. Adoption of 2015 editions of the *International Building Code*, *International Residential Code*, and *International Mechanical Code*, and keeping in place the 2009 edition (erroneously identified as the 2010 edition in Section 4-21(a) of the *Code of Ordinances*) of the *International Energy Conservation Code*. Section 4-21 (a) of Article II of the *CODE OF ORDINANCES OF THE CITY OF ALAMOSA, COLORADO* (the “Code”), is hereby repealed and replaced in its entirety to read as follows:

(a) Pursuant to parts 1 and 2 of article 16 of title 31, C.R.S., there is hereby adopted by reference the following uniform codes promulgated and published by the International Code Council. The uniform codes identified below are adopted as if set out at length, except as specifically modified and/or amended as shown herein. A copy of the adopted uniform codes shall be maintained in the office of the Building Inspector of the City of Alamosa, and may be inspected during regular business hours. By way of

description, and without limiting the subject matter of the adopted codes, the uniform codes are adopted to regulate the initial construction or subsequent enlargement, alteration, repair, moving, removal, demolition, conversion, occupancy, operational equipment, use, height, area, and maintenance of all buildings or structures in the City of Alamosa, Colorado. The uniform codes adopted with modifications shown are the following:

International Residential Code, 2015 edition, published by the International Code Council, with the following modifications:

(1) Reference City of Alamosa in Section R101.1.

(2) Table R301.2(1) is completed as follows:

Ground snow load:	30
Wind speed	115/51
Topographic effects	No
Special wind region	No
Wind-borne debris zone	No

(3) Section R313 (automatic fire sprinkler systems, townhouses and single and two family dwellings) is deleted.

(4) Chapters 24-43 (gas, plumbing, and electrical) are not adopted, as they fall under the jurisdiction of state inspectors and are subject to state codes.

(5) Only appendices E and J are adopted

International Building Code, 2015 edition, published by the International Code Council, with the following modifications:

(1) Reference City of Alamosa in Section 101.1

(2) Delete sections 101.4.1 and 101.4.4 (*International Fuel Gas Code* and *International Plumbing Code*) because subject to State Jurisdiction

(3) Delete sections 105.1.1 and 105.1.2

(4) Delete references to Electrical, Gas, and Plumbing in Section 105.2, as subject to State jurisdiction.

(5) Amend Section 109.3 to read as follows: The applicant for a *permit* shall provide the Building Official with plans of sufficient detail that the Building Official may appropriately determine building valuation costs based on the City's adopted fee schedule in conjunction with the International Code Council's Building Valuation Data, or other appropriate metric.

International Mechanical Code, 2015 edition, published by the International Code Council with title of Section 103 to be modified as follows: "Department of Building Safety"; Section 103.1 be changed to read "General. The department of building safety is hereby created and the executive official in charge thereof shall be known as the building official" and all further references to the code official to be changed to read "building official"

ALAMOSA CITY COUNCIL COUNCIL COMMUNICATION

Subject/Title:

Pester Marketing Company d/b/a Alta Convenience #3501 3.2 Beer License. Findings of Fact.

Recommended Action:

Consider the attached written findings and conclusions reflecting Council's 5-2 vote as the Local Licensing Authority to approve Pester Marketing's Application for a 3.2 beer license at the Alta Convenience #3501 store, 3213 Main Street, at the meeting held August 15, 2018. It would be appropriate for the vote to be the same as given at the August 15 meeting unless any Councilor has had a change of mind. It is also appropriate to make changes to the proposed findings.

Background:

These proposed findings granting Pester Marketing's application for a 3.2 off premises license at 3213 Main Street encapsulate the matters presented at the hearing and discussed by Council on August 15, 2018.

Issue Before the Council:

Does Council wish to adopt the written Findings of Fact and Conclusions: Grant of Fermented Malt Beverage License Application of Pester Marketing?

Alternatives:

- 1) Adopt the Findings of Fact and Conclusions on the 5-2 vote taken at the August 15, 2018, meeting as presented
- 2) Adopt the Findings of Fact and Conclusions on a different vote.
- 3) Make modifications to the proposed Findings of Fact and Conclusions to include any other salient fact of the presentation noted by Council.

Fiscal Impact:

None

Legal Opinion:

City Attorney will be available at the meeting.

Conclusion:

Council acting as the Local Licensing Authority must adopt written Findings and Conclusions setting forth its decision in liquor licensing matters.

**FINDINGS OF FACT AND CONCLUSIONS;
GRANT OF FERMENTED MALT BEVERAGE LICENSE APPLICATION**

In Re the Matter of the Public Hearing Concerning: Pester Marketing Company, d/b/a Alta Convenience #3501 at 3213 Main Street

I. THE HEARING

This matter came on for public hearing at a regularly scheduled meeting of the Alamosa City Council sitting as the Local Licensing Authority (the Authority) on August 15, 2018. Notice of the hearing was given pursuant to §12-47-311, C.R.S. All members of Council were present.

A. Preliminary Issues.

The Authority considered the contents of the application and the results of its own investigation as part of the hearing record.

In Resolution 3, 1986, the Authority established a presumptive neighborhood applicable to any liquor license application to be the entire City of Alamosa, plus a one-mile radius surrounding the City's perimeter. An applicant or any opponent to an application may rebut the presumption as to the definition of the applicable neighborhood by providing evidence that another definition of neighborhood applies to the particular application. No party proposed a different definition of the neighborhood for this application.

The Clerk confirmed the poster giving notice of the hearing was posted on July 2, 2018. It was made Exhibit 1. The legal notice was published in the Valley Courier on August 1, 2018. Exhibit 2, consisting of a survey set of petitions gathered by Oedipus, Inc., and containing 165 signatures in support of the application and 25 signatures in opposition to the application was filed with the Clerk and presented at the hearing.

The Authority takes administrative notice of the existence and location of the six 3.2 off-premises fermented malt beverage licenses granted by the Authority for premises within the City, and of the total of 41 active liquor licenses of all types granted by the Authority for premises within the City. The Authority takes administrative notice of the fact that after January 1, 2019, 3.2 malt beverage license holders will be able to convert their licenses to a fermented malt beverage license, allowing the sale of any strength of fermented malt beverage, without further action by the Authority. The Authority takes administrative notice that the central commercially zoned corridor in Alamosa generally runs from east to west, one block north and south of Main Street; that additionally there is an intermittent (i.e. mixed zoning) corridor north and south along U.S. Highway 285, and along State Avenue.

B. Applicant. Pester Marketing Company d/b/a Alta Convenience #3501.

C. Documentary Evidence. Max Scott, with Oedipus, Inc., presented the research his company conducted concerning the needs and desires of the neighborhood. He explained the methodology designed to ensure responses from all areas of the city. Each page of the petition

contained a statement requiring that the signer owned property, lived, or was engaged in a job or business within the neighborhood, and that the signers were at least twenty-one years of age. No verification was done with respect to the addresses, as to whether or not the signatories were inhabitants within the definition in the *Colorado Liquor Code*, Section 12-47-103(12) C.R.S., or parties in interest, as defined in Section 12-47-311(5) C.R.S. The report, including the signed petitions, was entered as Exhibit 2. It contained 165 signatures in favor of issuance of the license, and 25 signatures opposed. The Authority takes into account the infeasibility of it verifying the signatures, and the lack of verification tendered as part of the Exhibit, when it considers the weight to be given the petitions.

D. Witnesses. The applicant, through its Vice President of Operations, Dennis Dirkse, provided Council with a brief background. Pester Marketing has thirty 3.2 beer licenses in the State of Colorado, and in the four years that he has been the VP of operations, have had no violations at any of them. Max Scott, with Oedipus, Inc., testified as to the methodology and results of the signature survey Oedipus conducted to gauge the needs and desires of the neighborhood. Based on the survey results, 87% of the respondents favored issuing the license. Mr. Dirkse confirmed that they also get a lot of people travelling through who ask for beer when they stop.

Darrell Cooper spoke in opposition to the issuance of more liquor licenses, indicating that in his opinion existing outlets are more than adequate to serve the needs and desires of the City of Alamosa.

No other persons spoke at the public hearing.

II. APPLICABLE LAW

A 3.2 fermented malt beverage off-premises license, under the *Colorado Beer Code*, C.R.S. § 12-46-104(1)(c), may be issued to persons selling only fermented malt beverages containing 3.2% alcohol by volume or less, not to be consumed on the licensed premises, and only to persons, partnerships, associations, organizations, or corporations qualifying under C.R.S. § 12-47-301 and not prohibited from licensure under C.R.S. § 12-47-307.

Before entering any decision approving or denying the application for a liquor license, the Local Licensing Authority shall consider the reasonable requirements of the neighborhood for the type of license for which the application has been made and the desires of the adult inhabitants of the neighborhood (as evidenced by petitions, testimony, or otherwise), and all reasonable restrictions that are or may be placed upon the new district. §12-47- 301(2), C.R.S.

Whether a license should be granted or denied is a matter resting within the discretion of the licensing authority. *Harvey v. Schooley*, 383 P.2d 189 (Colo. 1963). The burden is on the applicant to establish a *prima facie* showing of facts which satisfy the requirements of the liquor code. *Geer v. Hall*, 333 P.2d 1040 (Colo. 1959). The local licensing authority has no authority to regulate the sale of alcohol, but only to grant, deny, suspend, or revoke licenses as provided in the liquor code. *Gettman v. Board of County Commissioners*, 221 P.2d 363 (Colo., 1950). A city council may not prejudge any application by trying to legislate a limitation of the number of licenses based on population. Each application must be considered on its own merits. *City of Colorado Springs v. Graham*, 352 P.2d 363 (Colo. 1950). Unless a second or additional license is applied for by the same licensee, no consideration of the effect on competition of the granting

or disapproving of the license shall be made. See C.R.S. § 12-47-301(2).

Pursuant to Colorado liquor regulation 47-310(E), when considering whether or not an applicant is of good moral character, the licensing authority may consider, among other factors, whether the applicant or licensee has a criminal history of crimes of moral turpitude. By way of example, crimes of moral turpitude shall include but not be limited to, murder, burglary, robbery, arson, kidnapping, sexual assault, illegal drugs or narcotics convictions. Furthermore, if criminal history is considered, then pursuant to C.R.S. § 24-5-101, the licensing authority shall also consider evidence of rehabilitation. Such evidence may include, but not be limited to, evidence of no criminal history record information, educational achievements, financial solvency, community standing, lack of additional arrests or convictions, or the lack of parole or probation violations since the date of last conviction. The intent of this section is to expand employment opportunities for persons who, notwithstanding that fact of conviction of an offense, have been rehabilitated and are ready to accept the responsibilities of a law-abiding and productive member of society.

III. FINDINGS

The location of the premises for which the license is sought is 3213 Main Street in Alamosa, Colorado. This location is within the Alamosa City Limits and falls under the jurisdiction of the Alamosa City Council sitting as the Local Licensing Authority.

In the two years preceding the date of application acceptance, there has not been a denial of an off-premises 3.2% fermented malt beverage application for the reason that the reasonable requirements of the neighborhood were satisfied by the existing outlets.

It appears from the application documents that Applicant is entitled to possession of the premises where it proposes to exercise the license applied for, and that the possession will continue throughout the initial term of the license, if granted.

The sale of fermented malt beverages on the proposed premises is not a violation of City of Alamosa zoning, building, and fire laws or regulations.

The premises, 3213 Main Street, are not within 500 feet of a school.

The evidence presented at the public hearing supports the proposition that there is a need and desire for the issuance of this liquor license. The applicant operates the convenience store as a respected business in the community, and that business would be enhanced by the ability to provide fermented malt beverages, and the overwhelming response to a survey (rather than just a petition drive) indicated that the residents of Alamosa confirm a need and a desire for the outlet.

IV. CONCLUSIONS

Applicant has satisfied Council that there is a need and desire in the neighborhood for the issuance of the off-premises fermented malt beverage license applied for. Therefore, the Alamosa City Council acting as the Local Licensing Authority hereby GRANTS the Application submitted by Pester Marketing Company, d/b/a Alta Convenience #3501, for a new off premises fermented malt beverage license at 3213 Main Street, Alamosa, Colorado.

Dated this 5th day of September, 2018.
