COUNCIL COMMUNICATION

DATE December 4, 2018	AGENDA NO.C. 8. a	SUBJECT: IT Director Monthly Report for November 2018
Department Head: 		
City Manager:		
PRESENTED BY: James A. Belknap		

Below is a statement regarding major issues covered by the City IT Department:

November 2018 Report

- In efforts to keep up with the rapidly changing world of computer security, IT has initiated an upgrade to the latest security platform offered by Sophos. Included in the new system is feature that protects against cryptolocker viruses and malware - the latest craze of malicious cyber attack. The new platform will also enforce network usage policy on all City computers regardless of internet source. This will extend greater protection to mobile devices that move on and off our network.
- At the end of October, IT began investigating a network outage that occurred on the Alamosa Public Library. During our troubleshooting we found the network switches which have been in almost constant use since the construction of the library network were beginning to fail. IT was able to source second hand switches that include all the modules we needed and of the model line above what we currently have for a steep discount. IT then replaced all the network switches down the line and rebuilt the network cabinet in the library. So far we

have seen greater network stability and more consistent speeds.

- IT assisted the Police Department in moving computer equipment and installing donated standing desks. As part of the personnel changes - the new Chief, Captain, Sergeant, and Corporal - IT swapped equipment and phone settings for the incoming person.
- IT received a ticket from the Police Department around mid July of this year regarding inconsistencies in the transfer of CAD files from the State to our server. IT worked back and forth with CBI on this issue until November when IT scheduled time with a CBI back end engineer to troubleshoot the entire data transfer path. After identifying and correcting mismatched settings on both ends, the file transfers began working.
- A new computer and tablet was deployed to the City Streets Department with software that will assist the City in identifying and assessing the quality of our streets. The new tablet and PC was fitted with software developed by CSU called Paver.
- IT was made aware of an issue that was preventing the municipal court to connect to the Polycom systems at the Alamosa County and Rio Grande County Jails. IT was able to recover the settings on both Polycoms and re-establish a connection to the City.
- IT has continued to work with Tyler on upgrading our court software to the latest version 10 revision. Additionally, IT is working with Tyler to implement a prosecutor's module that will be used by the City Attorney. This module fully interfaces with our current court software and will reduce time and effort surrounding the transfer of information between the two departments.
- IT discussed and assisted a design for an audio system for the new multipurpose pavilion and ice rink with a community member. The project is a proposed venture by the local Boy Scouts for a member's Eagle Scout Badge.
- IT sent a representative to the ASU/BOCES career fair. This is the third year that the IT Department participated in this event. This year there was about 400 students that attended.
- Sent out monthly Phishing and Virus reports to all network users.

- Patched all City owned computers to the latest patch and vulnerability fixes from Microsoft. This monthly patching helps protect our computers from malicious software, resolve general windows issues/bugs, and provide access to new windows features.

In Monte Vista, we performed the following items:

- IT sourced and specified hardware for the new courtroom project. All hardware has been ordered and IT will work with Public Works to install as the remodel is completed.
- Performed duties normally assigned to the City PIO until such time as a new PIO can be trained.
- Trained the new PIO (Public Information Officer) to post items to the City Facebook, Police Facebook, Recreation Facebook, and the City Website. IT will continue to support the PIO with additional trainings throughout the transition.
- IT was made aware of an issue that was preventing the Alamosa municipal court to connect to the Polycom systems at the Alamosa County and Rio Grande County Jails. With some onsite verification, IT was able to recover the settings on both Polycoms and re-establish a connection to both Cities.
- Attended all budget worksessions with City Council.
- Designed and worked to establish expenses for the much needed extension of the Main Distribution Frame (MDF). Our current MDF is completely overloaded and must be reworked in order to provide for future expansion of the City network and to provide IT the ability to efficiently support the existing network.
- Worked with the City Manager, Finance Director, and City Council to establish the first IT budget with departmental line items. Removing IT from all other departmental line items ensures a more comprehensive view of IT expenses and assists in expense tracking for the annual audit.
- Removed the MDF expansion project from the proposed 2019 budget in order to assist in providing a balanced budget to City Council. This project will need to be revisited in the near future in order to continue the expansion of the City network.

- Recorded the City Council meeting of 11/1/18 and placed the recording on YouTube.
- Recorded the City Council meeting of 11/15/18 and placed the recording on YouTube.
- Updated the Municipal Airport website master plan.
- Sent out monthly Phishing and Virus reports to all network users, these reports assist in end user training of all employees.
- Patched all City owned computers to the latest patch and vulnerability fixes from Microsoft. This monthly patching helps protect our computers from malicious software, resolve general windows issues/bugs, and provide access to new windows features.

- Springs replaced on small garage door
- Weld decoration brackets

Fall/Winter Activities Guide

Check out our activities guide for all the upcoming spring and summer events and programs. Our Facebook page - City of Alamosa Activities - is another great way to be informed of updates.

SPORTS & ACTIVITIES

Adult Sports

- **Men's Basketball:** Team registration is now closed. Players can still sign up but must pay the \$30 fee before their first game

Youth Sports

- **Youth Basketball:** Games have begun and will run through December 15th.
- **Youth Ice Hockey:** Games are set to begin in early January. Spots are still open for registration at \$50/participant (\$5 late fee included). Equipment fittings are not by appointment only; contact Don Mendoza to schedule an appointment. A \$25 deposit is needed to rent out equipment and will be given back upon the return of all items taken.
- **Youth Volleyball:** Registration goes from August 1st-January 21st for 2nd-6th graders for \$20. Games are scheduled for late February.

Multi-Purpose Facility/Ice Rink

- **Beginner Skating:** The Beginner Class is designed for first time skaters and those with minimal time on ice skates. Classes are Saturdays and Sundays from 5:45pm-6:30pm. The fee is \$7 and it covers the one-day class and skate rental.
- **Recreational Adult Drop-In Hockey:** Participants must be 14 years old or older with full equipment and a signed waiver. If under age 18, a parent/guardian must sign the participant waiver. Sessions are held on Sundays 6:45pm-8:15pm. The fee is \$5/session with the exception of goalies, who may play for free after they check in.
- **Competitive Adult Drop-In Hockey:** Participants must be 16 years old or older with full equipment and a signed waiver. If under age 18, a parent/guardian must sign the participant waiver. Sessions are held on Sundays from 8:30pm-10:00pm. The fee is \$5/session with the exception of goalies, who may play for free after they check in.
- **Combined Adult Drop-In Hockey:** Participants must be 16 years old or older with full equipment and a signed waiver. If under 18, a parent/guardian must sign the participant waiver. Sessions are held on Wednesday from 7:15pm-9:00pm. The fee is \$5/session with the exception of goalies, who may play for free after they check in.
- Go to AlamosaRec.org for updates to the facility calendar and rates for ice passes, passes + rentals, 10 punch passes, and season passes.

Most PC users:

434 (9/25/14) (9/6/11 – 427)

Revised 4/6/2018

Collection Development:

November: Staff added 295 new materials to the library collection: 176 books, 52 magazines, 34 audiobooks, 0 music CDs and 33 DVDs. This process includes purchasing, cataloging, and material processing. 298 items were discarded.

Staff announcements.

November: Volunteers: We had a total of 89.5 volunteer hours this month. Patty Campbell and Leroy Espinoza, our faithful volunteers, work in the staff room doing miscellaneous jobs. Sandra Larsen, a new volunteer, helped the children's librarian with the weeding of the Easy books. Our SER National (Service, Employment, Redevelopment) Senior Trainee worked 68 hours with us.

The library was closed a day and half for Veteran's Day and two days for Thanksgiving.

Staff decorated the front of the Library in time for the Celebration of Lights.

Computer Lab was down from Oct. 28th to Nov. 5th. We can look at this as our stats may have been higher if the lab was operating or this shows that without the computer lab our patronage did not suffer. Our average checkouts per hour is up 10% from October and only 5% lower than November last year.

Community Involvement

- Of 16 "Storytime To Go Kits", we have had 132 checkouts between August 2017 and November 2018.

- **November:** There are 80 children signed up for our Planting Seeds, 1,000 books program. In this program, as each child reads 100 books, they receive 1 free book. Three children/parents have completed the program.
- **National Novel Writing Month:** NaNoWriMo runs the entire month of November. It is an event run by a world-wide nonprofit that promotes creativity by encouraging anyone who has ever wanted to write to do so. The goal is 50,000 words in 30 days. We provided our Local History room for four writers to come to write together.

- **November:** Family, Friends and Neighbors program - 27 caregivers are signed up and all received Early Literacy Kits containing EL books, music, toys. We now have 9 Spanish Literacy Kits in the community.

- **November:** “Hotel Transylvania 3” - We had 22 attend the movie. Next showing will be December 14, 2018.

- MOOSE was back in November for two more sessions of reading time with the children. He had a visit from the Crestone Charter School with 7 students on November 7th along with 5 readings. On November 28th 6 readers attended sessions with MOOSE.

- The local Fiber group, “**Fiber Floozies**”, met in the Story Room. Usual attendance is 10-15 fiber enthusiasts. The group knits, weaves, spins, and crafts all things fiber. They share and teach each other new techniques and ideas. Planning for charity projects or events is also done at these meetings. The next meeting will be December 12, 2018. We welcome anyone interested in any type of fiber arts.

- **Nancy Wilkie**, a physical therapist working with Blue Peaks Early Intervention Program, meets in the library to meet with parents and their children in the program (birth to age 3) because the library provides a safe environment when they cannot meet with them in their homes and also introduces them to the value of a community library.

- The **Historic Preservation Advisory Committee** meets the second Tuesday each month in the Local History Room.
- **The People First** group, persons with disabilities in the San Luis Valley, meets weekly, Sunday afternoons, in our Local History room.
- **SLV Playdates “Baby Time”:** The Baby Time group numbers were low in November month due to library holiday closures and illness. The month’s total attendance was 13.

- **November:** 291 children and parents attended the Tuesday and Friday Storytimes.

- **November:** San Luis Valley Origami workshop at the library was November 15th with 20 participants. The next workshop is scheduled for December 3, 2018.
- **Hands on History:** Alamosa Public Library and Fort Garland Museum have teamed up to bring a new program on Alamosa Elementary early release Wednesdays. Join us every other Wednesday for our Hands on History program, "The Time Traveler's Passport." In November there was one program with attendance of 16 children and adults. November's session was all about medieval Europe! The next sessions will be December 5th & 19th, 2018.

LITTLE FREE LIBRARY.org®
TAKE A BOOK • RETURN A BOOK

- 8 Little Free Libraries in Alamosa are sponsored by the Alamosa Public Library and the Friends of the Library. Each of these has different stewards that maintain the structure and keep them supplied with books, donated by Friends of the Library. There is also a Little Free Library in Mosca at the 'Pit Stop', sponsored and stewarded by Jenene Holcomb from the Sangre DeCristo School and the owner of the Pit Stop.

November Stewardship for LFL at:

Food Bank – WCC added 100 books; **La Puente** – FOL (Friends of the Library) refilled with 80 books; **Zapata Park** –Jan Oen & Don Thompson refilled with 8 books; **Senior Center** – KREBS 0 books; **Nancy Cutters Office** (Optimist) – no changes; **SLV Immigrant Resource Center** (Optimist) – no changes

Cole Park (library staff) we refilled with 35 books.

Friends of Alamosa Public Library

- The November Holiday Book Sale proceeds were \$340 book sales and \$100 in crafts.
- The Friends are collecting donations for the next book sale which is May 4, 2019.
- Membership of Friends of the Library is at 65 members.
- Friend's meeting was November 20, 2018 with 6 members in attendance. Next scheduled meeting is December 18, 2018.
- Having taken over the maintenance of the Story Walk in Cole Park, the Friends put in a new book "Mouse Mess".

Monthly Overview – Wait, November is over? Time flies when you're a librarian...

Storytime - Our Storytime session subjects ranged from "Bubbles & Snowflakes" to "Kittens, Mittens, Mice and ... Dinosaurs?" We spent some time at the beginning of the month, post-Halloween, talking about what to do when we feel afraid. We spent some time at the end of the month, pre-holidays, talking about what to do when we *really, really* want something! The groups have been big (for the most part) and wonderful! We even have a parent that's a baker that keeps bringing us tiny, homemade cookies to share each week! Storytime is a treasure.

Early Release Day Programming with Fort Garland Museum – Hands on History

The Hands on History "Time Travelers' Passport" series of programming, presented by Kelley Ivers, Education Coordinator for Fort Garland Museum, grew in numbers this month! We only held one session, however, as there was only one Alamosa Elementary early release day this month. Next month, we will be back on track with two sessions as our program draws to a close. November's session was all about medieval Europe! We read a silly fiction story called How to Become a Knight (in Ten Easy Lessons) by Todd Tarpley. Through the silliness, we worked out the facts of becoming a

knight long ago! To incorporate our STEM project approach, we built catapults! We offered up all kinds of building materials, including rubber bands and popsicle sticks. The things these young people came up with were amazing! We launched marshmallows across the patio outside the story room, despite the chilly temperature! The participants were having so much fun learning – launching, fixing their catapults, reworking for further distances – I don't think they noticed the cold. I cannot believe I did not take any photos!

SLV Playdates – The Baby Time group numbers are low this month due to library holiday closures and illness. By the end of the month, the regulars were back, however, and hopefully the group will stay healthy in December! I do appreciate those thoughtful parents keeping the germs at home, though...

Storybox Delivery – This month, I began working on next year's Storybox delivery calendar and thinking about how to encourage our Storybox participants to get the most from their deliveries. In talking with Salai about my concerns that some of the Storyboxes may go unopened, we agreed that the first step should be a welcoming of questions and comments. In the next delivery, I will be asking participants to schedule a time to talk with me, either on delivery day or on the phone. These are very busy women, and I know that their days start early and end late, but I'm hoping that I will get to talk with each of them about what is working for them concerning Storybox and what may not be working. Maybe with their input, I can tweak an already awesome program that has been a wonderful staple of our Children's programming for nearly a decade.

Weeding and Collection Development – I'm sticking with the goal of completing the Children's Easy weeding project by the end of December! Many thanks to awesome volunteer, Sandra Larsen!

FFN – In busy November, October's idea of hosting an FFN event went right out the window! It may be an event that waits until after the holidays. There is so much already planned! Hopefully some of our FFN will attend events in December.

Planting Seeds – We have 80 registered participants in our program, adding 1 this month. Parents are bringing in their little readers to choose new books to take home as they reach 100 book checkpoints! We are stocked with plenty of supplies to continue this worthwhile program.

ECC Group Connections Family Night – This group was organized by the ECC SLV Parents as Teachers. Parents as Teachers (PAT) engages parents and caregivers of young children in our valley by providing in-home enrichment activities, education, and support. In partnering with the library, they provide their families with a community connection! Our family night focused on "Math Talk," which is a subject I was inspired to explore after attending a math-focused workshop at the CLEL Conference in October. I was able to provide a fun storytime and family activities centered around our Five Early Literacy Practices (read, talk, sing, write, play), which also incorporated plenty of pre-kinder math exploration! We had a wonderful turnout and the PAT team is incredibly kind and helpful. I look forward to our next collaboration.

This group is creating their own "Five Elephants" story characters for singing, retelling and counting at home!

These boys are feeling what's in the Mystery Bag, then using words to describe the objects by their attributes. Math Talk!

There's always a dance party, if I have anything to do with it! These friends are "Going on a Bear Hunt," acting out concepts like "over," "under" and "through!"
